

PROOF OF ANNUAL LABOR: 1966

The undersigned hereby certifies that annual assessment work for the assessment year ending September 1, 1966 was done on the Mammoth group of lode mining claims located in an unknown mining district in the Roberts Creek Mountains approximately 25 miles in a straight line northwest of the town of Eureka, Nevada. This group consists of 82 contiguous claims, Annie Nos. 1-30, Peggy Nos. 1-9, Nilah Nos. 1-16, Antje Nos. 1-23 and Jan Nos. 1-3. Certificates of Location of the Jan Nos. 1-3 are recorded in the Eureka County Mining Records, Book 0, pp. 20-23; those of the Annie, Peggy, Nilah and Antje claims are recorded in Book 9, pp. 52-130 inclusive.

Assessment work on the Mammoth group for 1966 consisted of the following: Approximately 7.1 miles of access road within or leading to the block were new-built, or realigned, graded and improved, starting July 27, 1966. A rock and earthen dam was constructed on Roberts Creek to impound water for drilling, and drilling pads were built. All bulldozing work was completed by August 12, 1966. Core hole No. 1, located on Jan No. 2 in the northwestern part of the Mammoth block, was spudded on Monday, August 8, and carried to its T.D. of 381 ft. by September 1. Cost of core hole No. 1, together with that of the road building, etc. was in excess of \$8200.00 or more than \$100.00 per claim, and these sums were expended for the purpose of improving and evaluating the aforementioned mining claims and benefited the block as a whole.

The road work and other bulldozing operations was done by Austin Garage Co. of Austin, Nevada. The drilling contractor was West Texas Drilling Company. This work was done at the expense of Shell Oil Company, owner and/or optioner and assignee of the Mammoth group of lode claims. Included in this group are Jan Nos. 1-3 which are under option to Shell Oil by the owners Maynard and Lester Bisoni of Eureka, Nevada.
