INSTRUCTIONS

1. **Use of form.** This form is to be used only for assignments of record title interests in oil and gas leases. It is not to be used for assignments of working or royalty interests, operating agreements, or subleases. The assignment, if approved, will take effect on the first day of the lease month following the date of filing in the proper Land Office of three (3) original executed counterparts thereof, together with any required bond and proof of the qualification of the assignee to take and hold the interest assigned. Assignments may be filed within thirty (30) days from date of final execution and such may be accompanied by a filing fee of \$10. Any assignment not accompanied by the required fee will not be accepted for filing. An assignment of record title may cover lands in only one lease. Where more than one assignment is made out of a lease, a separate instrument of transfer must be filed for each assignment.

2. **Qualifications of assignee.** Assignee must indicate whether or not he is the sole party in interest in the assignment. If not the sole party in interest, the assignee must submit at the time the assignment is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the assignment, a separate affidavit must be filed by each of the assignees setting forth the nature and extent of the interest of each, the nature of the agreement between them, if any, and a copy of the agreement, if written. All interested parties must furnish evidence of their qualifications to hold such lease interest. Such separate statement and affidavit, if any, must be filed not later than fifteen (15) days after the filing of the assignment.

It is authorized to hold oil and gas leases: (c) that the officer executing the assignment is authorized to act on behalf of the corporation in such matters; and (d) the percentage of the voting stock and of all of the stock owned by aliens or those having residences outside the United States, 10 percent or more of the stock of any class is owned or controlled by persons behalf of any one stockholder, a separate affidavit of said circumstance and holdings must be furnished. Third evidence of the corporation's citizenship and stock ownership has previously been furnished, reference by serial number to the record in which it has been filed, together with a statement as to any amendment, will be sufficient. With respect to qualification of the assignee, there must be full compliance with the regulation 43 CFR 3120.2.

3. **Statement of interests.** Assignee must indicate whether or not he is the sole party in interest in the assignment. If not the sole party in interest, the assignee must submit at the time the assignment is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the assignment, a separate affidavit must be filed by each of the assignees setting forth the nature and extent of the interest of each, the nature of the agreement between them, if any, and a copy of the agreement, if written. All interested parties must furnish evidence of their qualifications to hold such lease interest. Such separate statement and affidavit, if any, must be filed not later than fifteen (15) days after the filing of the assignment.

4. **Overshadow royalties or payments out of production.** Any overriding royalties or payments out of production created by the assignment but not set out therein must be described in an accompanying statement. If payments out of production are reserved by the assignee, outline in detail the amount, method of payment, and other pertinent terms.

5. **Effect of assignment.** Upon approval of the assignment, the assignee becomes the lessee of the Government as to the assigned interest and will be responsible for compliance with all the lease terms and conditions, including timely payment of rental, rentals, and maintenance of bond, if required. The approval of an assignment of part of the leased land creates separate leases out of the assigned portion and the retained portion, but there is no change in either the anniversary date or the term of such leases except as provided under the regulations 43 CFR 3120.5. Oil and gas leases are governed by the regulations 43 CFR 3100 and 3120, of which sections 3120.1-6 relate to assignments of such leases or interests therein.

6. A copy of the executed lease out of which this assignment is made should be made available to the assignee by the assignor.
