BISSETT of 3706 So. 198th Street, Seattle, Washington, hereinafter called "Bissett"

WITNESSETH:

WHEREAS, the undersigned David H. WHEREAS, the undersigned Stanley Fine, of Eureka, Nevada, and Pete Kelley, of Carson City, Nevada, are the owners of the group of mining claims listed by Exhibit A attached hereto, commonly known as the September Morn property, approximately 23 miles north-northwest of Eureka, Nevada, and these said owners desire that these claims be investigated and explored by Bissett, and thereafter developed and mined if circumstances warrant same, and

WHEREAS, Stanley Fine and Pete Kelley, hereinafter called the owners, are willing to grant Bissett a six months' period of investigation and exploration of the group of mining claims listed by Exhibit A attached hereto, hereinafter referred to as the September Morn property, and the owners are further willing to grant Bissett a lease and option conforming to terms and conditions as set forth hereinafter, provided that Bissett requests such lease and option prior to expiration of the six months' period of investigation and exploration.

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) in hand paid by Bissett to owners, receipt whereof said owners do hereby acknowledge, and in consideration of the covenants and agreements of Bissett hereinafter set forth, and by the said owners to be kept and performed, the owners do grant to Bissett the exclusive right to examine and explore the September Morn property from this date forward to July 1, 1968, including the right to perform excavation, trenches, shafts, and drilling, together with mapping, sampling, and other investigations.

Further, if so requested by Eissett prior to July 1, 1968, owners will execute and deliver to Bissett a lease and option in the usual form for exploration and mining operations of a similar kind and nature, and conforming to the following terms and conditions:

1. Each sum stated above will be additional to previous payments. Bissett's failure to make any of the payments required by the above schedule will result in termination of the lease and option agreement, without further penalty to Bissett.

- 2. A royalty of 5% of net smelter receipts will be paid the owners for all ores mined and shipped from the property. All such royalties will apply toward the purchase price.
- 3. Bissett will cause annual assessment work to be performed on the September Morn claims during the tenure of the lease and option agreement.
- 4. Bissett will furnish copies of all engineering, survey drilling and assay data available to him on the owners' request.
- 5. The lease and option agreement will be assignable, in whole or in part, provided that all terms and conditions of the lease and option agreement remain in force and binding on any and all assignees.
