Ruby Hill Mining Company caused to be performed and made on or for the benefit of said claims the annual labor and improvements required by the laws of the United States and the State of Nevada for the assessment year ended at 12:00 o'clock Meridian, September 1, 1968.

There was expended for said labor and improvements and they are of a value of in excess of Fifty Thousand Dollars (\$50,000.00); and they were performed and made at the expense of Hecla Mining Company, as operator under a Lease between said Ruby Hill Mining Company, as Lessor, and Hecla Mining Company and others, as Lessees, which requires the Lessees to perform the annual labor and improvements for said claims.

The said labor was performed and improvements made between 12:00 o'clock Meridian on September 1, 1967 and August 30, 1968, and consisted of: first, extending diamond drill hole No. 703 a distance of 451 feet to a depth of 1993 feet in the patented November lode mining claim, M.S. No. 3596; second, extending rotary drill hole No. 707 a distance of 500 feet to a depth of 1500 feet in said March No. 8 claim; third, drilling rotary drill holes Nos. 711 and 712 from surface to depths of 1,010 feet and 1500 feet, respectively, in the patented February lode mining claim, M.S. No. 3596; fourth, drilling diamond drill hole No. 713 from surface to a depth of 2495 feet in the patented Acouchment lode mining claim, M.S. No. 2866; and fifth, drilling rotary drill hole No. 714 from surface to a depth of 300 feet in the patented Herculean lode mining claim, M.S. No. 317.

The said patented November, February, Acouchment and Herculean lode mining claims are owned by Ruby Hill Mining Company; these claims, adjoining patented lode mining claims owned by Ruby Hill Mining Company and the above named and described unpatented lode mining claims comprise a contiguous group of lode mining claims owned in common. The said labor was performed and improvements made for the benefit of each and all of said mining claims comprising said contiguous group, as a part of a general plan of development and they tend to improve and develop each and all of said mining claims. The amount expended for and value of said labor and improvements is not less than One Hundred Dollars (\$100.00) for each of the mining claims comprising said contiguous group. The said expenditure was made in good faith for the purpose of developing said contiguous group of mining claims and was intended as annual labor and improvements for each and all of the above named and described unpatented lode mining claims.
