

CERTIFICATE OF LOCATION

THIS IS TO CERTIFY THAT the Early Dawn #12 through #21
inclusive lode mining claims were located by E. H. POTTER, FLOR-
ENCE JOHNSON and JIM D. EDGAR, whose post office address appears
below, on the 2nd day of December, 1968.

The general course of said lodes or veins is Easterly
and Westerly.

The claims, and each of them, are situated in the Cortez
Mill Canyon mining District, County of Eureka, State of Nevada,
Within Section 17, T 28 N. R 47 E.

The locators claim 1500 feet along the veins, and each
of them, easterly and westerly, with a width of 300 feet on each
side of the center of the veins or lodes along the entire length
of said claims, and each of them.

The dimensions and locations of the discovery work done
on the claims are as follows: Open cut approximately 3'x15'x6'
not less than 240 cubic feet in volume on each claim.

N.R.S. 517.040 Subsection (3).

The corners and side centers of each claim are located
and marked as follows: A 4"x4" post at each of the four corners
and with a 4"x4" post one-half ($\frac{1}{2}$) the distance between the
corners along the side lines. Each post is identified by mark-
ings thereon.

Each of the above described monuments is 4"x4" at
least 4' high.

All location and discovery work necessary to complete
these locations have been performed by Locators
