DO NOT RECORD

- 1 This form should not be used where a placer location notice, tunnel site location notice, or mill site location notice is required.
- 2 The post must be not less than four inches in diameter and the stone monument must be at least 36 inches high.
- 3 Witnesses are optional and are not required.
- 4 Public Resources Code Section 2313 provides, in part, as follows: "Within 90 days after the posting of his notice of location upon a lode mining claim . . . the locator shall record a true copy of the notice together with a statement of the markings of the boundaries as required in this chapter, and of the performance of the required discovery work in the office of the county recorder of the county in which such claim is situated. The county recorder shall receive a fee of one dollar (\$1.00) for this service."
- 5 Insert herein the following words: "a post not less than four (4) inches in diameter" or "a stone monument, at least eighteen (18) inches high", as the case may be.
- 6 Section 2314, Public Resources Code, reads, in part, as follows: "(a) Within 90 days after the date of location of any lode mining claim hereafter located, the locator or locators thereof shall sink a discovery shaft upon the claim to a depth of at least 10 feet from the lowest part of the top of the shaft at the surface, or shall drive a tunnel, adit, or open cut upon the claim to at least 10 feet below the surface . . ."
- 7 A location of a lode mining claim is null and void unless such discovery work is duly performed and a true copy of location notice recorded within ninety (90) days from date of location.

linear feet of this vein or lode, together with surface ground extending 300
(not to exceed 300) feet in width on
each side of the middle of said vein or lode and more particularly described as follows:
Commencing at a post where this notice is posted, which post is at the point of
(post or monument) (post or monument)
discovery on said vein or lode and on the center line of this location, I hereby claim 300
(I or we)
feet extending in a west erly direction along the course of said vein and 300
feet in a east erly direction. The general course of the vein or lode is
north erly and south erly as near as can be determined from
present developments.

The discovery post is situated about 3680 feet from U.S.O.S.
(post or monument)
and B.L.M. monument marking corner of sections 35 and 36 of
(name some natural object or permanent monument and give direction)
T19N, R49 E and sections 1 and 2 of T18N, R49E; in a N35°10'W
direction, in T19N, R49 E.

(4) The date of this location is the 5TH day of DECEMBER, 1969

(5) This notice is intended as an original notice of location and is posted on this claim and a true
copy thereof is to be recorded with the County Recorder of this County. _____
Eureka, Nevada

(6) All dips, variations, spurs, angles and all veins, ledges, or deposits within the lines of this
claim, together with all water and timber and any other rights appurtenant, allowed by the laws of
this State or of the United States of America are hereby claimed.

STATEMENT OF THE MARKING OF THE BOUNDARIES
AND OF PERFORMANCE OF DISCOVERY WORK

NOTICE IS HEREBY GIVEN --

(1) That there has been erected at the discovery point, at each corner and at the center of each end line of said claim, a 4 inch by 4 inch unpainted post

(2) The Locator has performed discovery work consisting of: a ten foot trench along the vein.

(3) That the discovery work indicated above has been completed within ninety (90) days from the date of location of said claim.

DATED: DECEMBER 5, 1969

LOCATORS:

Paul S. Strobel

Agent for Aztec Mining Corp.

DO NOT RECORD

- 1 This form should not be used where a placer location notice, tunnel site location notice, or mill site location notice is required.
- 2 The post must be not less than four inches in diameter and the stone monument must be at least 36 inches high.
- 3 Witnesses are optional and are not required.
- 4 Public Resources Code Section 2313 provides, in part, as follows: "Within 90 days after the posting of his notice of location upon a lode mining claim . . . the locator shall record a true copy of the notice together with a statement of the markings of the boundaries as required in this chapter, and of the performance of the required discovery work in the office of the county recorder of the county in which such claim is situated. The county recorder shall receive a fee of one dollar (\$1.00) for this service."
- 5 Insert herein the following words: "a post not less than four (4) inches in diameter" or "a stone monument, at least eighteen (18) inches high", as the case may be.
- 6 Section 2304, Public Resources Code, reads, in part, as follows: "(a) Within 90 days after the date of location of any lode mining claim hereafter located, the locator or locators thereof shall sink a discovery shaft upon the claim to a depth of at least 10 feet from the lowest part of the rim of the shaft at the surface, or shall drive a tunnel, adit, or open cut upon the claim to at least 10 feet below the surface . . ."
- 7 A location of a lode mining claim is null and void unless such discovery work is duly performed and a true copy of location notice recorded within ninety (90) days from date of location.
