Ruby Hill Mining Company caused to be performed and made on or for the benefit of said claims the annual labor and improvements required by the laws of the United States and the State of Nevada for the assessment year ending at 12:00 o'clock Meridian, September 1, 1970.

There was expended for said labor and improvements and they are of a value of in excess of Fifty Thousand Dollars (\$50,000.00); and they were performed and made at the expense of Hecla Mining Company, as operator under a Lease between said Ruby Hill Mining Company, as Lessor, and Hecla Mining Company and others, as Lessees, which requires the Lessees to perform the annual labor and improvements for said claims.

The said labor was performed and improvements made between 12:00 o'clock Meridian on September 1, 1969 and July 31, 1970, and consisted of:

First, drilling diamond drill hole numbers DDH 706, DDH 721 and DDH 722 to depths of 1132.3 feet, 805.0 feet and 700.0 feet, respectively, in said Ann No. 10 claim; second, drilling diamond drill hole number DDH 723 to a depth of 626 feet in said Boom claim, and third, drilling diamond drill hole number DDH 720 to a depth of 534.5 feet in the Fitzgerald Lode patented lode mining claim, Lot No. 313.

The said patented Fitzgerald Lode mining claim is owned by Ruby Hill Mining Company; this claim, adjoining patented lode mining claims owned by Ruby Hill Mining Company and the above named and described unpatented lode mining claims comprise a contiguous group of lode mining claims owned in common. The said labor was performed and improvements made for the benefit of each and all of said mining claims comprising said contiguous group, as a part of a general plan of development and they tend to improve and develop each and all of said mining claims. The amount expended for and value of said labor and improvements is not less than One Hundred Dollars (\$100.00) for each of the mining claims comprising said contiguous group. The said expenditure was made in good faith for the purpose of developing said contiguous group of mining claims and was intended as annual labor and improvements for each and all of the above named and described unpatented lode mining claims.

Subscribed and sworn to before me this 27th day of August, 1970.

My Commission Expires:

April 15, 1974
