

Certificate of Location of Lode Mining Claim

THIS IS TO CERTIFY that the B + B #3 Lode Mining Claim was located by Gary L. Baird, whose post office address appears below, on the 26 day of June, 1971.

The general course of said lode or vein is Running Easterly to Westerly. The claim is situated in the Diamond Mining District, Carroll County, State of Nevada, the south side center marker is 5273 feet from Eagles Rest on a side 3 miles 3750 feet from Agimuth marker U.S. Coast Geologic Survey Book 8 dd.

The locator claim 750 feet in a easterly direction and 750 feet in a westerly direction from the point of discovery, with a width of 300 feet on each side of the center of the vein or lode along the entire length of said claim.

The dimensions and locations of all discovery marks on the claim are as follows: This is part of the Parcel Group

The total cost of such work consisted of at least \$ 1000.00. The corners and side centers of the claim are located and marked as follows: B + B #3 connects to Big John #6 on the south side.
From the South West corner, a monument marked South West Cor., thence in a Northerly direction 1000 feet to the North West corner, a monument marked North West Cor., thence 750 feet in a Easterly direction to the North side center, a monument marked North SC, thence 750 feet in a Easterly direction to the North East corner, a monument marked North East Cor., thence 1000 feet in a Southerly direction to the South East corner, a monument marked South East Cor., thence 750 feet in a westerly direction to the South side center, a monument marked South SC, thence 750 feet westerly to the point of beginning.

Each of the above-described monuments is 4" x 4" x 4" pole sunk 1' in ground. All location and discovery work necessary to complete this location had been performed by

Certificate of Location of Lode Mining Claim

THIS IS TO CERTIFY that the Star Lode Mining Claim was located by Gary L. Baird, whose post office address appears below, on the 26 day of June, 1971.

The general course of said lode or vein is Running Easterly to Westerly. The claim is situated in the Diamond Mining District, Carroll County, State of Nevada, the lode is 2393 feet from Eagle road or approx. 2 miles 125 feet from south marked U.S. Coast & Geodetic Survey Bench Mark 8AA.

The locator claim 750 feet in a Northerly direction and 750 feet in a Southerly direction from the point of discovery, with a width of 300 feet on each side of the center of the vein or lode along the entire length of said claim.

The dimensions and locations of the discovery work done on the claim are as follows: This is part of the March group

The total cost of such work consisted of at least \$ 1100.00 the corners & m + nth 1 on the East side of m + nth 1.

The corners and side centers of the claim are located and marked as follows:

From the South West corner, a monument marked South West Cor., thence in a North direction 600 feet to the North West corner, a monument marked North West Cor., thence 750 feet in a Easterly direction to the North side center, a monument marked North Center SC, thence 750 feet in a Easterly direction to the North East corner, a monument marked North East Cor., thence 600 feet in a Southerly direction to the South East corner, a monument marked South East Cor., thence 750 feet in a Westerly direction to the South side center, a monument marked South Center SC, thence 750 feet West to the point of beginning.

Each of the above-described monuments is 4" x 4" x 4" pole sunk 1' in ground

All location and discovery work necessary to complete this location had been performed by

Certificate of Location of Lode Mining Claim

THIS IS TO CERTIFY that the Stev #3 Lode Mining Claim was located by Gary L Baird, whose post office address appears below, on the 26 day of June, 1971.

The general course of said lode or vein is Running Easterly to Westerly. The claim is situated in the Diamond Mining District, Cusick County, State of Nevada. The locator marker is 3993 feet from Copper boat and equal 3 miles 1875 feet from Aguntha marker, U.S. Coast & Geodetic Survey Bench mark 877.

The locator claim 750 feet in a Northerly direction and 750 feet in a Southerly direction from the point of discovery, with a width of 300 feet on each side of the center of the vein or lode along the entire length of said claim.

The dimensions and location of the discovery work done on the claim are as follows:
This is part of the Barch group.

The total cost of such work consisted of at least \$ 1000.00 Stev #3 connects to Stev #1 on the east side of Stev #1 + on the south side of Stev #4. The corners and side centers of the claim are located and marked as follows:

From the Southwest corner, a monument marked Southwest Cor., thence in a Northerly direction 600 feet to the Northwest corner, a monument marked Northwest Cor., thence 750 feet in a easterly direction to the North side center, a monument marked North center, thence 750 feet in a easterly direction to the North east corner, a monument marked North east Cor., thence 600 feet in a southerly direction to the South east corner, a monument marked South east Cor., thence 750 feet in a Westerly direction to the South side center, a monument marked South center, thence 750 feet West to the point of beginning.

Each of the above-described monuments is a 4" x 4" x 4" pole sunk 1' in ground. All location and discovery work necessary to complete this location had been performed by

Certificate of Location of Lode Mining Claim

THIS IS TO CERTIFY that the Sta. #4 Lode Mining Claim was located by Gary L. Baird, whose post office address appears below, on the 21 day of June 1971.

The general course of said lode or vein is Running Easterly to Westedly. The claim is situated in the Diamond Mining District, Carson County, State of Nevada. This lode is marked by 2 1/2" iron pipe, 1/2" from Eagle East or approx. 3 miles 375 feet from Agency marker U.S. East & Section Survey Bench Mark 8AA

The locator claim 750 feet in a Northerly direction and 750 feet in a Southerly direction from the point of discovery, with a width of 300 feet on each side of the center of the vein or lode along the entire length of said claim.

The discovery and location work done on the claim are as follows:
This is part of the Barch group

The total cost of such work consisted of at least \$ 1000.00 Sta #4 connects to Big John #7 & B+B#2 on the East side of both.

The corners and side centers of the claim are located and marked as follows:
From the South West corner, a monument marked South West Cor., thence in a Northerly direction 600 feet to the North West corner, a monument marked North West Cor., thence 750 feet in a Easterly direction to the North side center, a monument marked North Center SC, thence 750 feet in a Easterly direction to the North East corner, a monument marked North East Cor., thence 600 feet in a Southerly direction to the South East corner, a monument marked South East Cor., thence 750 feet in a Westerly direction to the South side center, a monument marked South Center SC, thence 750 feet West to the point of beginning.

Certificate of Location of Lode Mining Claim

THIS IS TO CERTIFY that the Big John Lode Mining Claim was located by Gary S. Baird, whose post office address appears below, on the 26 day of June, 1971.

The general course of said lode or vein is Benning (Easterly) to Westely. The claim is situated in the Diamond Mining District, Crescent County, State of Nevada, the south side center marker is 77.5 from Eagle Point of approx 14.501 feet from Appriech mark U.S. Geodetic Survey.

The locator Baird claims 750 feet in a easterly direction and 750 feet in a westerly direction from the point of discovery, with a width of 300 feet on each side of the center of the vein or lode along the entire length of said claim.

The dimensions and locations of the discovery exposures on the claim are as follows:

This is part of the Parcel claim group

The total cost of such work consisted of at least \$ 1100.00

The corners and side centers of the claim are located and marked as follows: Big John connects to Big John 50 on the southerly side and to Big John 3 on the northerly side
From the South West corner, a monument marked South West Cor., thence in a North West direction 600 feet to the North West corner, a monument marked North West Cor., thence 750 feet in a Easterly direction to the North side center, a monument marked North Center SC, thence 750 feet in a Easterly direction to the North East corner, a monument marked North East Cor., thence 600 feet in a Southerly direction to the South East corner, a monument marked South East Cor., thence 750 feet in a Westerly direction to the South side center, a monument marked South Center SC, thence 750 feet West to the point of beginning.
