Falcon No. 10

lode (~~placer~~) mining claim(s) in Section 23, Township 27 North Range 48 East, in the Cortes Mining District, in Eureka County, Nevada, owned by Martel Mining Company for the purpose of holding said claim(s).

The claim map showing said claim(s) is filed as Document No. 56231 in the Eureka County records.

Said labor was performed or improvements made by (name and address) Edmond F. Lawrence, Consulting Mining Geologist, who holds a Ph. D. degree in geology from the University of California at Riverside. He has over twenty years of experience as a mining geologist.

between the dates of August 16 and September 18, 1972 and consisted of geological and geochemical surveys over the above listed mining claim. Such work consisted of night-time lamping of the area by means of an ultra-violet light to determine the possible presence of tungsten; and a study of the stream sediments in Fourmile canyon for heavy metals. The basic findings are: (1) trace amounts of scheelites were found in several areas along the contacts and in association with the gold mineralization; and (2) no significant heavy metal anomalies were found except near contacts.

(Describe work done, and claim or part of claim affected)

Dated this 29 day of September, 1972.
