That the Certificate of Location of each and all of the above-named claims have been filed for record in the office of the County Recorder of Eureka County in the Town of Eureka, and such certificates are hereby referred to, by such reference made a part hereof for all particulars therein shown. That claim maps showing said claims is filed as Document No. 56427 in accordance with NRS 517.030 in the Eureka County records. That said labor was performed during the period between September 1, 1972, and September 1, 1973. That all expenditures were made at the expense of Lyle F. Campbell, Julian E. Simpson, Goldzone Discovery Company, and others, for the purpose of complying with the laws of the State of Nevada and the United States in the performance of annual assessment work to maintain title to unpatented lode mining claims; that said work was done by or for and on behalf and for the benefit of Lyle F. Campbell and Julian E. Simpson, owners of the unpatented lode mining claims above named. That such work to advance the development of the above named claims consisted of geological, and geochemical surveys, conducted within the boundaries of said claims. The geochemical surveys disclosed the pattern and location of element anomalies in soil and rock reflecting hydrothermal metalization. The geological surveys determined the position and extent of jasperoidization, alteration and the location of high angle faults, veins, and dikes, related to mineralization. Said labor was performed and improvements made by Goldzone Discovery Company of Reno, Nevada; Lyle F. Campbell, Mining Engineer of Reno; and Julian E. Simpson, Engineer of Mines of Reno, and others. That such work was performed for benefit of each and all of the named unpatented lode mining claims, all being contiguous, and such work is still in progress.
