I, Curtis W. Drollinger, being first duly sworn, depose and say that I made a survey of the Gossen claims, numbered 1 to 24, to establish horizontal and vertical control so that the owners could make an accurate geological map of the area.

This survey was made between the 15th day of July, and the 6th of August, 1973.

The owners are to use this information to their advantage and wish it to be of a confidential nature since they have put geological datum gathered by themselves and William Kohlmoos on said map.
