

AFFIDAVIT OF ANNUAL ASSESSMENT WORK
FOR UNPATENTED MINING CLAIMS

STATE OF COLORADO)
COUNTY OF MESA) ss.

TO WHOM IT MAY CONCERN:

Please take notice that W. L. WILSON, being first duly sworn, says that in excess of \$9,300.00, being more than \$100.00 per unpatented mining claim (identified below), was expended for labor and improvements on or with respect to such claims, consisting of initiating and pursuing a drilling program, the construction of drill sites, and the building and improvement of roads to gain access to said claims and facilitate the drilling program. Drilling of more than 150 air rotary holes, aggregating more than 20,000 feet, as a part of the exploration and development project, was performed on the Red Iron and Johnnie Claims, and on the Windfall, Windfall Fraction, and the 2G patented claims, the Rustler, Rustler No. 1, Windfall Extension Fraction patented claims, the Gold, Gold #1, Rambler No. 1 and Rambler No. 2, Sadie Nos. 5, 6 and 7. Roads and road improvements were constructed on the above claims and on other claims. In addition, portions of the access road constructed leads across sections of unappropriated public lands from portions of the said claims to other of such claims.

All of the claims listed below are contiguous and adjacent and form a unified block of claims, all of which are owned or under lease-option to Idaho Mining Corporation, in whose behalf the above expenditures were made. The drill program and the road building improved and benefited the entire block of claims, and each of the individual claims forming such block.

The names of the unpatented claims in such block, for the benefit of which such labor and improvements were performed or made, together with the Book and Page of the recording of the Certificates of Location thereof in the Office of the Recorder of Eureka County, Nevada, and the record owners thereof are, respectively, as follows:

The above expenditures were made between September 1, 1973 and August 6, 1974, for the assessment year which commenced September 1, 1973 and ends September 1, 1974. The work and improvements were made by Eklund Drilling Company, by Christiansen Brothers Construction Company, Tatum Drilling Co., and personnel of Idaho Mining Corporation.

Dated this 6th day of August, 1974.

W. L. Wilson

W. L. Wilson, President
Idaho Mining Corporation
Post Office Box 2183
