TO WHOM IT MAY CONCERN:

I, Bert C. Morrison, geologist for ASARCO Incorporated, a New Jersey Corporation do affirm that the following work was done on and for the benefit of the sixty contiguous unpatented lode claims shown in Attachment A during the period August 12, 1975 through August 19, 1975, for the assessment year ending August 31, 1975. The work consisted of drilling 1440 feet in eight drill holes.

The drilling was done by Christiansen Brothers Drilling Company of Ely, Nevada for ASARCO Incorporated according to the terms of a Mining Lease and Option Agreement entered into between Lester A. and Maynard Bisoni, Lessor and ASARCO Incorporated, Lessee as of the ninth day of July, 1975.

The cost of the said drilling was in excess of seven thousand dollars which represents more than the required one hundred dollars per claim.
