

## OIL AND GAS LEASE

20th August 1975

AGREEMENT. Made and entered into the 20th day of August 1975 by and between Battista Tomera aka Battista Tomera, Jr., and Ruth Tomera, his wife; George Tomera, single, Carlin, Nevada; and Rex LeRoy Shurtz and Lisa Shurtz, his wife, 148 W. Cedar Street, Elko, Nevada

M. Peyton Bucy, 1776 Lincoln, Denver, Colo. 80203

part of the first part, hereinbelow called lessor, (whether one or more) and the second part, hereinbelow called lessee, (whether one or more)

WITNESSETH: That the lessor for and in consideration of the sum of Ten and more Dollars in hand paid, receipt of which is hereby acknowledged, of the royalties herein provided, and of the agreements of leases herein contained, hereby grants, leases and lets exclusively unto lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas, methane gas, and all other hydrocarbons, laying pipe lines, building tanks, power stations, telephone lines and other structures thereon to produce, save, take care of, treat, transport, sell and otherwise deal with the same, the following described land in Eureka County,

State of Nevada

See Exhibit "A" attached immediately below.

## EXHIBIT "A"

TOWNSHIP 30 NORTH, RANGE 51 EAST, M.D.M.

Section 12: All

TOWNSHIP 30 NORTH, RANGE 52 EAST, M.D.M.Section 5: SE $\frac{1}{4}$ Section 6: Lots 1 (40.17), 2 (40.12), 3 (40.07), 4 (33.79), 5 (39.92), 6 (34.07), 7 (34.22), SE $\frac{1}{4}$ NW $\frac{1}{4}$ , E $\frac{1}{4}$ NW $\frac{1}{4}$ , S $\frac{1}{4}$ NE $\frac{1}{4}$ , SE $\frac{1}{4}$ 

Section 8: All

Section 16: W $\frac{1}{2}$ NW $\frac{1}{4}$ 

Section 17: All

Section 18: E $\frac{1}{2}$ 

The first sentence of Paragraph numbered "2" above, which has been deleted, is hereby amended and reinserted herein to read as follows:

"The Lessee shall pay Lessor, as royalty, one-eighth (1/8) of the proceeds from the sale of gas, as such, for gas from wells where gas only is found, and where not used or sold shall pay annually an amount equal to the annual delay rental herein provided applicable to the interest of Lessor in acreage embraced in this lease as of the date of such annual payment, and while such royalty is so paid the well or wells shall be held to be producing wells."

BOOK 53 PAGE 429

including all minerals underlying lakes, streams, roads, easements and rights-of-way, which traverse or adjoin said lands, which minerals are owned or claimed by lessor or rights to which minerals may hereafter be established in lessor; and also, in addition to the above described land, all land adjoining the same and owned or claimed by lessor and containing **Three thousand one hundred two and 36/100** acres, more or less.

**TO HAVE AND TO HOLD** the same (subject to the other provisions herein contained) for a term of ten years from this date (called "the term"), and as long thereafter as oil or gas or casinghead gas or either or any of them, is produced therefrom; or as much longer thereafter as the lessee in good faith shall consider drilling and producing operations from such operations; this lease shall remain in full force and effect as long as oil or gas or casinghead gas shall be produced therefrom.

In consideration of the premises it is hereby mutually agreed as follows:

1. The lessee shall deliver to the credit of the lessor as royalty, free of cost, in the pipe line to which leases may connect its wells the equal one-eighth (1/8) part of all oil produced and saved from the leased premises, or at the lessor's option, may pay to the lessor for such one-eighth (1/8) royalty the market price for oil of like grade and gravity prevailing in the field where produced on the day such oil is run into the pipe line, or into storage tanks.

2. The lessee shall pay to the lessor for each well drilled and operated on the leased premises, a rental of twenty-five dollars (\$25.00) per acre per month, and shall pay to the lessor for each well drilled and operated on the leased premises, a monthly rental of twenty-five dollars (\$25.00) per acre per month, and shall pay to the lessor for each well drilled and operated on the leased premises, a monthly rental of twenty-five dollars (\$25.00) per acre per month.

The lessee shall have the first right of charge from any gas well on the leased premises for stores and inside lights in the principal drilling house, or until paid by lessor his expenses with the well, the use of said gas to be at the lessor's sole risk and expense.

3. To the lessor for gas produced from any oil well and used off the premises or in the manufacturing of gasoline or any other product a royalty of one-eighth (1/8) of the market value, at the month of the well, payable monthly at the prevailing market price.

4. If operations for the drilling of a well for oil or gas are not commenced on said land on or before one year from this date, this lease shall terminate as to both parties, unless the lessor shall, on or before one year from this date, pay or tender to the lessor or to the lessor's credit in

**Security National Bank of Nevada,** **XWY**, **Elko, Nevada.**

or its successor or successors, which bank and its successors are lessor's agents and which shall continue as the depository regardless of changes in the ownership of the land, the sum of **Three thousand one hundred two and 36/100** (\$3,102.36) — Dollars which shall operate as a rental and cover the privilege of drilling the above described operations for the drilling of a well one year from said date. In like manner and upon payment by lessor to the lessor the commencement of operations for the drilling of a well may be further deferred for like periods successively during the primary term of this lease, and it is understood and agreed that the consideration first recited herein, the down payment, covers not only the periods granted to the date when said rental is payable as aforesaid, but also the lessor's option of extending that period as aforesaid, and any and all other rights conferred. All payments or tenders may be made by check or draft of lessor or any assignee thereof, mailed or delivered on or before the rental paying date. Lessor may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered and thereafter the rentals payable hereunder shall be reduced in the proportion that the acreage covered herein is reduced by said release or releases. Notwithstanding the death of the lessor, or his successor in interest, the payment or tender of rentals in the manner provided above shall be binding on the heirs, devisees, executors and administrators of such persons.

5. If at any time prior to the discovery of oil or gas on this land and during the term of this lease, the lessee shall drill a dry hole, or holes, on this land, this lease shall not terminate provided operations for the drilling of a well shall be commenced by the 1st ensuing rental paying date; or, provided the lease begins to renew and the payment of rental and the amount hereinabove herein provided; and in this event the preceding paragraphs herof governing the payment of rental and the manner and effect thereof shall continue in force.

6. If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate herein, then the royalties and rentals herein provided for shall be paid the lessor only in the proportion which his interest bears to the whole and undivided fee.

Lessor shall have the right to use, free of cost, gas, oil, and water produced on said land for its operation thereon, except water from wells of lessee.

When requested by lessor, lessor shall bury his pipe lines below plow depth.

No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of the lessor.

Lessee shall pay for damages caused by its operations to growing crops on said land.

Lessee shall have the right at any time to remove all improvements, machinery, and fixtures placed or erected by lessee on said premises, including the right to pull and remove casings.

8. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either or both, be found in paying quantities, this lease shall continue and be in force with the like effect as if such well had been completed within the term of years herein first mentioned.

9. If the estate of another party, lessor, and all rights, and assignments thereto, herein provided, and in case lessor assigns to, wholly or in part, or expressly allowed, the covenants herein shall be binding on the lessee, and the lessee shall be bound by the terms, conditions, and provisions of such approved cooperative or unit plan of development or operation and, particularly, all drilling and development requirements of this lease, express or implied, shall be satisfied by compliance with the drilling and developmental requirements of such plan or agreement; and this lease shall not terminate or expire during the life of such plan or agreement. In the event that this lease may be hereafter divided to, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment of this lease, in whole or in part; lessee shall make due payments of said rentals.

10. There shall be no obligation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease may be hereafter divided or as to parts of the above described lands, and the holder or owner of any such part or parts shall fail or make default in the payment of the proportionate part of the rent due from him or them, on an acreage basis, such default shall not operate to defeat or affect this lease in so far as it covers a part or parts of said land upon which the said lessor or any assignee hereof shall make due payments of said rentals.

11. If at any time there be as many as six parties (or more) entitled to receive royalties under this lease, lessor may withhold payment thereof, and to commence division and transfer orders in writing in a recordable instrument to be filed with the lessor, Trustee to receive all royalty payments due hereunder and to commence

12. Lessee shall have the right to combine, all or any part of the above described lands with other lands in the same general area by entering into a cooperative or unit plan of development or operation approved by any governmental authority and, from time to time, with his approval, to modify, change or terminate any such plan or agreement and, in such event, the terms, conditions, and provisions of such approved cooperative or unit plan of development or operation and, particularly, all drilling and development requirements of this lease, express or implied, shall be satisfied by compliance with the drilling and developmental requirements of such plan or agreement; and this lease shall not terminate or expire during the life of such plan or agreement. In the event that this lease may be hereafter divided to, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment of this lease, in whole or in part; lessee shall make due payments of said rentals.

13. In addition to and not in limitation of the rights granted in paragraph 12 hereto, lessee is hereby granted the right and option to consolidate, pool or combine the lands covered by this lease or any portion or portions thereof, or any unit created, or any unit of state, or other lands or like units, thereunder for the development thereof, or for the production of oil, gas, casinghead gas, or other hydrocarbons, or any or all of said products, which in lessor's discretion and judgment, it is advisable to do for proper development and operation of the premises, or to conform to spacing or zoning rules of any lawful authority, such consolidation, pooling or combining to be into units of such shape and dimensions as lessor may elect provided that all lands in any such unit shall be contiguous (either adjoining or cornering) but for this purpose contiguity shall not be deemed to be destroyed by reason of the existence of any excluded street, alley, road, railroad, canal, stream, right of way, or other similar strip or parcel of land. Any unit formed under this paragraph for production of oil and casinghead gas shall not exceed forty-three (43) acres in surface area, for production of dry or gas well shall not exceed six hundred and sixty (660) acres in surface area, and for production of condensate or distillate shall not exceed three hundred and thirty (330) acres in surface area unless some larger unit for condensate or distillate is permitted or prescribed by lawful authority, in which event such larger unit shall control, provided that, if governmental survey units are irregular in size in the area of this lease, the size of any of the units mentioned herein may be increased to the size of the there existing governmental survey unit nearest in size to the unit acreage prescribed herein. The right and option herein granted to lessee may be exercised at any time or from time to time, whether before or after production is secured and whether or not a unit may therefore have been created for some other product, by executing in writing an instrument identifying and describing the unit created, and by delivering a copy thereof to lessor or by recording a copy thereof in the county where the land is located. The lands in any such unit shall be developed or operated as one tract and any drilling or production on the lands subject to this lease for all purposes except for the payment of royalty hereunder. In such event, and in view of the royalties elsewhere herein specified, the lessor shall receive from production on any such unit such portion of the royalty, at the rate stipulated elsewhere herein, as lessor's acreage in the unit for his royalty interest therein bears to the total acreage of the unit. Formation of any unit as herein provided shall in no manner affect the ownership or amount of say rental which may be payable under the terms of this lease.

14. In the interest of conservation, the protection of reservoir pressures and recovery of the greatest ultimate yield of oil, gas and other minerals, lessor shall have the right to combine the leased premises with other premises in the same general area for the purpose of operating and maintaining repressuring and recycling facilities, and for such purpose may locate such facilities, including input wells, upon the leased premises, and no royalties shall be payable hereunder upon any gas used for repressuring and recycling operations benefiting the leased premises.

15. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the lessor, at its option, may pay and discharge any taxes, mortgage, or other liens existing levied, or assessed on or against the above described lands and, in event it exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax or other lien, any royalty or rentals accruing hereunder.

16. All rental payments which may fall due under this lease may be made to **the above named lessors**.

17. If, within the primary term of this lease, production on the leased premises shall cease from any cause, this lease shall not terminate provided operations for the drilling of a well shall be commenced before or on the next ensuing rental paying date; or, provided lessor begins or resumes the payment of rentals in the manner and amount hereinbefore provided. If, after the expiration of the primary term of this lease, production on the leased premises shall cease from any cause, this lease shall not terminate provided lessor resumes operations for drilling a well within sixty (60) days from such cessation, and this lease shall remain in force during the prosecution of such operations and, if production results therefrom, then as long as production continues.

18. It is agreed that this lease shall never be forfeited or canceled for failure to perform in whole or in part any of its implied covenants, conditions or stipulations, until it shall have first been finally judicially determined that such failure exists, and after such final determination, lease is given a reasonable time therefrom to comply with any such covenants, conditions, or stipulations.

19. All express and implied covenants of this lease shall be subject to all federal and state laws, executive orders, rules and regulations, and this lease shall not be terminated, in whole or in part, nor lessee held liable in damages for failure to comply therewith if such termination or cancellation by or of each failure is the result of any such law, order, rule or regulation, or if such compliance is prevented by or causes the result of inability of lessee through no fault of its own, to obtain sufficient and satisfactory material and equipment to justify the continuation of drilling operations or to continue production of oil or gas from the land premises.

20. This lease and all its terms, conditions and stipulations shall extend to and be binding on all successors of said lessor or lessee.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this day and year first above written.
