INSTRUCTIONS FOR
APPLICATION FOR AGRICULTURAL
USE ASSESSMENT

(Please Read Carefully)

If land is five (5) acres or more, application must be made to the Assessor in the County where the property is located.

If less than five (5) acres, application must be made to the Department of Taxation, 1100 East William Street, Carson City, Nevada 89701.

A separate application is required for each county in which the property is located.

The qualifications for the agricultural use assessment are:

1. The land has been devoted exclusively for at least three (3) consecutive years immediately preceding the assessment date to agricultural use, or, activities which prepared the land for agricultural use.
2. The land earned a minimum gross income of \$2,500 from agricultural use for the calendar year preceding the assessment date.
3. Application must be filed on or before the 1st Monday in October of any year. (After the original filing, it is not necessary to file again unless there is any change in ownership or a conversion to a higher use of any portion of the land.)

EFFECT OF APPROVAL OF APPLICATION

If approved, the assessment will be based on the agricultural use of the land rather than on the full cash value of the potential use which may result in a higher assessment. However, if the property use changes from agricultural use to a higher potential use, the owner will become liable for deferred taxes based upon the difference between agricultural and potential use assessment plus interest at 6 percent for a period not to exceed seven (7) years (84 months) not to include any period prior to July 1, 1976. A 20 percent penalty will also be attached if the owner does not notify the assessor promptly of a change from agricultural use to a higher use.
