The said claim in which the work was done and the above named and described unpatented lode mining claims and adjoining patented lode mining claims comprise a contiguous group of lode mining claims owned in common by Ruby Hill Mining Company. The said labor was performed and improvements made for the benefit of each and all of said mining claims comprising said contiguous group, as a part of a general plan of development and they tend to improve and develop each and all of said mining claims. The amount expended for and value of said labor and improvements is not less than One Hundred Dollars (\$100.00) for each of the mining claims comprising said contiguous group. The said expenditure was made in good faith for the purpose of developing said contiguous group of mining claims and was intended as annual labor and improvements for each and all of the above named and described unpatented lode mining claims.
