The work, development and improvements were performed or made by the following individuals or companies at the direction of and under the supervision of WESTERN WINDFALL, LTD., P.O. 326 Eureka, NV 89316:

1. Pete Chapman, Consultant, Carson City, NV.
2. Monitor Laboratory, Elko, NV

The work and improvements were performed between August 15, 1981 and August 29, 1981, and consisted of the following:

1. Existing roads on the F claims and J claims were improved.
- a. The first road and its' spurs lie on F-17,19,14,16,18 and 20. The total length of this series is approximately 6,800 feet.
- b. The second road is on F-4,3, and 6 and is approximately 400 feet in length.
- c. The third road is on J-7,9 and 11. It has approximately 2100 feet not on our claims but yields access to them. It splits into two segments 1,000 feet in length with an additional 300 feet into two segments 1,000 feet in length with an additional 300 feet of road that connects the segments with the length not on our claims.

Such work cost, and is valued at, in excess of \$19,000.

All of the aforesaid 155 unpatented lode mining claims are contiguous and work on any one claim or group of claims tends to develop all the claims. The work was performed for the purpose of developing the mineral potential of the claims, and to maintain and hold such claims.

DATED this 15th of October, 1981.
