

AFFIDAVIT OF LABOR PERFORMED

STATE OF NEVADA

COUNTY OF EUREKA

William C. Hirt, being first duly sworn, deposes and says:

That he is a citizen of the United States and more than twenty-one years of age, and resides at 1829 E. Seventh Street, Tucson, Arizona, and is personally acquainted with the unpatented mining claims described in Exhibit A attached hereto and made a part hereof, which claims are situated in the Buckhorn Mining District, Eureka County, Nevada, the location notices of which are recorded in the office of the Eureka County Recorder and set forth in Exhibit A.

That between August 21, 1981 and August 27, 1981, not less than \$ 2300 worth of work and improvements were done and performed upon such claims and that the claims constitute a contiguous group of claims under a common ownership and that the work was done upon or for the benefit of all the said claims.

Such work was performed for the benefit of Stephen D. Damele owner of said claims group. The work consisted of geochemical mapping and sampling within the claim group boundary, which work was done by the individual(s) set forth below and reported on as follows:

A geochemical survey was conducted on the ground for mineral deposits by applying the principles and techniques of the science of geology as they relate to the search for and discovery of mineral deposits. The work was performed on the ground, the points of location and boundaries of which are set forth on Exhibit B attached hereto and made a part hereof. The nature of the work consisted of geochemical mapping, sampling, and assaying of areas thought to be favorable for mineralization. The basic findings therefrom are that areas anomalous in gold, arsenic, and mercury were found to exist within the claim group boundary; as reported in Exhibit C attached hereto and made a part hereof.

The cost of the geochemical survey was in excess of \$ 2300.00. The names, addresses, and professional backgrounds of the individuals, all of whom are qualified by education and experience to participate in the geochemical survey are as follows:

James D. Loghry, registered consulting mining geologist, 2121 E. Monte Vista Drive, Tucson, Arizona, graduate geologist with 25 years experience; William C. Hirt, Adit Resources Corporation, 810 W. Grant Road, Tucson, Arizona, graduate geological engineer with 3 years experience; Barbara J. Howie, graduate geologist and Baltazar Garcia, graduate mining engineer, both of 810 West Grant Road, Tucson, Arizona.

The work was performed for the purpose of complying with the laws of the United States and of the State of Nevada pertaining to assessment or annual work for the annual period ending September 1, 1981.

Dated this 28th day of October, 1981.

William C. Hirt

SUBSCRIBED AND SWORN to before me by William C. Hirt this 28th day of October 1981.

Mary H. Turner
Notary Public

My Commission Expires: 11-16-84

EXHIBIT A

The following described unpatented mining claims situated in the County of Eureka, State of Nevada, and recorded as hereinafter set forth:

<u>Name of Claim</u>	<u>Legal Subdivision</u>	<u>County Recording Book</u>	<u>Data Page</u>	<u>BLM Serial Number</u>
Zeke 1	T26N R49E Section 7	77	374	NMC 140112
Zeke 2	T26N R49E Section 7	77	375	NMC 140113
