ARCHAEOLOGICAL STIPULATION

Antiquities and Objects of Historic Value

To secure specific compliance with the stipulations under Sec. 2, paragraph (q) of the oil and gas lease form, the lessee shall, prior to operations, furnish to the Authorized Officer a certified statement that either no archaeological values exist or that they may exist on the leased lands to the best of the lessee's knowledge and belief and that they might be impaired by oil and gas operations. Such certified statement must be completed by a qualified archaeologist acceptable to the Authorized Officer.

If the lessee furnishes a statement that archaeological values may exist where the land is to be disturbed or occupied, the lessee will engage a qualified archaeologist, acceptable to the Authorized Officer, to survey and salvage, in advance of any operations, such archaeological values on the lands involved. The responsibility for the cost for the certificate, survey and salvage will be borne by the lessee, and such salvaged property shall remain the property of the lessor or the surface owner.

SPECIAL STIPULATIONS FOR OIL AND GAS
LEASING IN THE BATTLE MOUNTAIN DISTRICT

1. The lease area contains critical habitat for wild horses. Therefore, prior to entry on the lands, the lessee (operator) will discuss the proposed activities jointly with the Area Oil and Gas Supervisor and the District Manager who may require additional measures for the protection of the wild horses.
2. Federally owned or controlled springs and water developments may be used only with the prior written approval of the Authorized Officer.

DEPARTMENT OF ENERGY

Special Stipulation .

This lease is issued pursuant and subject, to the extent applicable, to the terms and provisions of Section 302 of the Department of Energy Organization Act (42 U.S.C. 7152) and to the regulations of the Secretary of Energy promulgated thereunder relating to the:

- (1) fostering of competition for Federal leases (including but not limited to, prohibition on bidding for development rights by certain types of joint ventures);
- (2) implementation of alternative bidding systems authorized for the award of Federal leases;
- (3) establishment of diligence requirements for operations conducted on Federal leases (including, but not limited to, procedures relating to the granting or ordering by the Secretary of the Interior of suspension of operations or production as they relate to such requirements);
- (4) setting rates of production for Federal leases; and
- (5) specifying the procedures, terms, and conditions for the acquisition and disposition of Federal royalty interests taken in kind.

1932 FEB 25 R.D. 53.2

SPECIAL STIPULATION6 NON-CONVENTIONAL OIL RECOVERY

Under the provisions of Public Law 97-78, this lease includes all deposits of nongaseous hydrocarbon substances other than coal, oil shale, or gilsonite (including all vein-type solid hydrocarbons). Development by methods not conventionally used for oil and gas extraction such as fire flooding and including surface mining will require the lessee to submit a plan of operations and will be subject to regulations governing development by such methods when those rules are issued by the Bureau of Land Management (BLM), the U.S. Geological Survey (USGS), and the rules or procedures of the surface managing agency, if other than BLM. Development may proceed only if the plan of operations is approved.
