

MEMORANDUM OF EXPLORATION LEASE

This Instrument, made effective this 19th day of July, 1982, by and between THE 25 CORPORATION, INC., a Kansas corporation, hereinafter called the "Lessor", and NL INDUSTRIES, INC., a New Jersey corporation, acting by and through its NL Baroid Division, hereinafter called the "Lessee".

W I T N E S S E T H :

KNOW ALL MEN BY THESE PRESENTS that by an Exploration Lease of even date herewith, the Lessor has let, leased and demised unto the Lessee all of its right, title and interest in and to certain fee lands situated in Elko, Eureka, Humboldt and Lander Counties, Nevada ("Premises"), for the express purpose of conducting thereon an exploration program designed to discover and delineate barite deposits. The Lessor has given and granted unto the Lessee the right and privilege to enter upon, over and across the Premises with men, machinery and equipment and to use and occupy so much of the surface thereof to investigate, explore, prospect and drill for barite ores which may be found therein, and to do and perform such other acts which are reasonably necessary or convenient in furtherance of or to facilitate the activities and operations described above. The said Premises, and the corresponding legal description thereof, are more fully set forth in Exhibit "A", which is attached hereto and by this reference incorporated herein.

The Marvel-Jenkins Ranches, a Nevada partnership, was the previous owner of a non-executive interest in and to the Premises, subject however, to certain conditions and limitations described in a Mineral Deed between Battle Mountain, Inc. (the grantor therein and a predecessor-in-interest to the Lessor) and said partnership, which was executed on July 23, 1964 and placed of record with the Elko County Recorder in Book 47 at Pages 1 through 20 (File #15973); Marvel-Jenkins Ranches having conveyed all of said interest to Marvel Minerals, also a Nevada partnership.

Pursuant to said Mineral Deed, Battle Mountain, Inc. reserved the exclusive executive right to enter into leases and develop the Premises on behalf of

the Marvel-Jenkins Ranches, the individual partners thereof, and their respective successors, heirs and assigns ("Marvels"), for so long as the Marvels own a non-executive interest therein. The Lessor has succeeded to the rights of Battle Mountain, Inc. and has entered into the Exploration Agreement for the purpose, among others, of conferring upon the Marvels whatever pecuniary and other advantages may inure to their benefit as a result of the Lessee's operations on the Premises. By exercising its exclusive executive right, the Lessor has leased unto the Lessee all of the Marvels' right, title and interest in and to the Premises for the express purposes herein set forth, together with whatever interest the Lessor may now have or hereafter acquire with respect thereto.

If, for any reason, it shall be judicially determined by a final judgment of a court of competent jurisdiction (including all appeals therefrom) that the exercise of the Lessor's exclusive executive right shall be ineffective to bind the Marvels' interest, then the Exploration Lease nevertheless shall continue in full force and effect and shall include only the Lessor's respective interest in the barite mineral estate within the said Premises.

The Exploration Lease and the rights granted unto the Lessee are SUBJECT, HOWEVER, to any and all public and private rights affecting the Premises or any part or use thereof, including all easements, rights-of-way, restrictions, limitations and other encumbrances which are of record or in existence as of the date hereof; SUBJECT FURTHER, to the right of the Lessor (which has been reserved) to permit other parties to enter upon, explore for and develop the Premises for oil, gas and associated hydrocarbons, base and precious metals, geothermal resources, and minerals other than barite which may be found in, upon or under the same.

The primary term of the Exploration Lease is for a period of four (4) years, so that unless terminated prior thereto as therein provided or extended upon the mutual consent of the Lessor and the Lessee, said Exploration Lease shall lapse and expire by its own limitations at midnight on the 18th day of July, 1986.

By the terms and conditions of said Exploration Lease, the Lessee has the

right to explore for, prospect and drill for barite, but may not engage in the actual mining or extraction of barite ores from the Premises. However, if Lessee should discover barite ores of sufficient quantity and grade to justify the commercial production thereof at a profit, then the Lessee has the right to notify the Lessor and to designate those areas of the Premises which are necessary or reasonably required to develop a mine thereon, after which the parties shall enter into and execute a formal Mining Lease for such purposes. Each and every Mining Lease which may be executed by the parties shall include no more than 5,000 acres in the aggregate, shall confer upon the Lessee the right to mine and extract barite ores from those areas of the Premises which are designated by the Lessee and made subject to the provisions thereof, shall have no affect upon the term, conditions or the operations of the Lessee pursuant to the Exploration Lease (if still in effect), except that such areas shall be deemed to be excluded therefrom, and shall cover the Lessor's interest, as well as the interest of the Marvels' (if still in effect), in the barite mineral estate covered thereby. A copy of the Mining Lease referenced above is attached as an Exhibit to the Exploration Lease.

It is understood that this Instrument has been executed by the parties solely to record evidence of the existence of said Exploration Lease, executed counterparts of which are in the possession of the Lessor and Lessee. Accordingly, this Instrument neither adds to, subtracts from, or otherwise changes in any manner those terms, conditions and provisions contained therein.

IN WITNESS WHEREOF, the parties have caused this Instrument to be duly executed as of the date first written above.

The following description of the "Premises" is taken from Exhibit A To The Mineral Deed Between Battle Mountain, Inc. and The Marvel-Jenkins Ranches, dated July 23, 1964, which was recorded in Elko, County on July 24, 1964 in Book 47 at Page 1 et seq.

EXHIBIT A TO DEED FROM BATTLE MOUNTAIN, INC. TO MARVEL-JENKINS RANCHES
SUBJECT MATTER OF DEED DATED JULY 23, 1964

AS CONTAINED FIFTY (50%) per cent of any mineral, oil and gas, and rights thereto which may have been owned by the W. T. JENKINS COMPANY, A Nevada corporation, in, on or under the following described lands for a period of twenty (20) years from the date of this Deed, and so long thereafter as a production of any minerals, oil or gas continues, subject to the exclusive right hereby reserved by the Grantor, its successors and assigns, to enter into mineral oil or gas leases in connection with these rights, minerals, oil or gas for and on behalf of the Grantee in this deed:-
