**AFFIDAVIT OF ANNUAL ASSESSMENT WORK
(PROOF OF LABOR)
ON UNPATENTED MINING CLAIMS**

TO ALL WHOM IT MAY CONCERN:

The undersigned hereby certifies that it has made expenditures for labor and improvements, as the annual assessment work for the year ending at 12:00 o'clock meridian September 1, 1982, on the following group of claims in Eureka County, Nevada:

<u>Name and Number of Claims</u>	<u>Book</u>	<u>Page</u>	<u>BLM Serial Number</u>
WY 1 through WY 18 (inclusive)	191	465 through 482 (inclusive)	NMC 185617 through NMC 185634 (inclusive)
WY 55 through WY 68 (inclusive)	191	519 through 532 (inclusive)	NMC 185671 through NMC 185684 (inclusive)

The following was performed as the annual assessment work:

- A. Detailed geologic mapping and analysis.
- B. Rock chip sampling.
- C. Chemical analysis of rock chip samples for Ag, Au, As, Sb and F.

The above work was performed on the claims as depicted on the map attached hereto and made a part hereof but affects all of the above claims. The work was commenced on July 13, 1982 and was concluded on July 28, 1982. The total amount spent for the work was \$3,331.60.

The geological and chemical analysis, evaluation and interpretation of the basic data collected during this work reveals that significant gold, silver, arsenic and antimony anomalies occur in Tertiary volcanic rocks. Such mineralization as defined by the geochemical anomalies justifies more extensive development work on each and every one of the aforementioned claims.

The aforementioned claims are owned by Chevron U.S.A. Inc. The assessment work was performed by Chevron Resources Company, in its capacity as agent for Chevron U.S.A. Inc. All expenditures were made by Chevron Resources Company.

The field work was performed by Ms. S. E. Zurenko, Mr. H. L. Grahn and Mr. D. Gonzales under the direct supervision of Ms. D. W. Struhsacker whose professional qualifications are as follows:

Ms. S. E. Zurenko, Geologist, Chevron Resources Company, 1746 Cole Blvd., Golden, Colorado 80401 - B.S. in Geology, Eastern Washington University, (1981). Geological work 1981 to present.

Mr. D. Gonzales, Geologist (Temporary), Chevron Resources Company, 1746 Cole Blvd., Golden, Colorado 80401 - B.S. in Geology, Fort Lewis College, Durango, Colorado (1982).

Mr. H. L. Grahn, Geologist (Temporary), Chevron Resources Company, 1746 Cole Blvd., Golden, Colorado 80401 - B.S. in Geological Science, University of Washington, Seattle, Washington (1980). Geological work 1981 to present.

Ms. D. W. Struhsacker, Geologist and Project Manager, Chevron Resources Company, 1746 Cole Blvd., Golden, Colorado 80401 - B.A. in Geology, Wellesley College, Wellesley, Massachusetts (1974), M.S. in Geology, University of Montana, Missoula, Montana (1978). Geological work 1978 to present.

CHEVRON RESOURCES COMPANY,
a division of Chevron Industries, Inc.
agent for Chevron U.S.A. Inc.
