Together with all and singular the Grantors' mines, minerals, lodes and veins, dips and spurs, all dumps, plants, fixtures, improvements, water rights or other rights, easements, and appurtenances whatsoever either upon, in or under or belonging to or associated with or used or usable in connection with the above-described unpatented lode mining claims.

Grantors warrant that they have unencumbered ownership of the above-described mining claims and hereby represent and warrant that the same were validly located upon lands open to mining location, that the same are valid and subsisting, and that all assessment work for prior years has been done and proof thereof recorded as required by law.

This instrument may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. No party who executes a counterpart need execute the same counterpart as any other party and this instrument shall be binding upon each party who executes a counterpart notwithstanding the fact that one or more of the parties in interest do not execute a counterpart.

Witness our hands this 1st day of November, 1983.
