

ANNUAL ASSESSMENT WORK

(Proof of Labor)

STATE OF Colorado)

County of Jefferson)

The undersigned having knowledge of the facts and on behalf of the owners, in whose behalf the following described work was performed or improvements made, certifies that at least \$7,000.00 Dollars were expended, and/or the following labor expended or improvements made having a value thereof, consisting of:

geological mapping, sampling and rotary drilling - ACNC hole #72820 located on AJ #5 lode claim

were performed and made upon the AJ #1-42, AJ II #1-28 lode mining claim(s) situated in the County of Eureka, State of Nevada during the year ending 12:00 Noon, September 1, 1985.

The claim(s) are filed in the Eureka County Records. See the attached sheet for recordation information. The work described above was performed between June 1, 1985 and August 20, 1985.

Such expenditure was made by or at the expense of American Copper & Nickel Company, Inc. for the purpose of holding such claims for the owner: Nerco Delamar Co., 122 First Avenue, Fairbanks, AK 99701.

SUMMARY REPORT

This detailed report is filed in compliance with the requirements of Title 30, U.S. code section 28-1 for the AJ Group of contiguous lode mining claims, located in the Roberts Mountain Mining District, Eureka County, Nevada.

The work consisted of:

Geological mapping, rock and soil sampling and rotary drilling of hole #72820 on the AJ #5 lode claim

to evaluate the discovery of valuable mineral deposits located thereon and to assist in planning further development work. This work was performed between June 1, 1985 and August 20, 1985 by or under the direct supervision of Mr. Mel Lahr, a professional geologist employed by American Copper and Nickel Co., Inc. The cost of the above study exceeded \$7,000.00 and was paid for by American Copper and Nickel Co., Inc.

The basic findings of the reconnaissance geological mapping and sampling indicate that the stratigraphy of this property is similar to other valuable mineralized property in the area such as the Tonkin Springs deposit. The basin and range structure is controlled by hydrothermal alteration and a high angle faulting.

A continuing program consisting of drilling, sampling and further geological studies is being conducted on this property. All technical work and results are in the possession of American Copper and Nickel Co., Inc. a Minnesota Corporation, with offices at 4860 Robb Street, Suite 201, Wheat Ridge, Colorado 80033 for the owner Nerco Delamar Co., 122 First Avenue, Fairbanks, Alaska 99701.

Respectfully submitted,

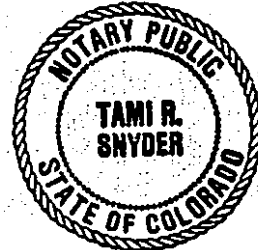

Joey K. Moseley
