The above described lode mining claims are being held by the owners for the valuable mineral(s) contained therein. American Copper and Nickel Company, Inc., for the owner, intends to continue development of the claims. The reason that an affidavit of assessment work performed or a detailed report of geological, geochemical or geophysical survey under Section 3833.2-2 has not been filed is that the claims were located in Eureka County, Nevada on April 16, 1936 and no assessment work affidavit is required until the assessment year ending September 1, 1987.
