(2) This lease shall remain in force for a term of ten (10) years from this date and as long thereafter as oil or gas is or can be produced from said lands by the  
lessee. The consideration above stated is paid to and accepted by lessor as a good and sufficient consideration for all rights and privileges herein granted to lessee,  
its successors or assigns.

lessee's premises at the prevailing market price thereat at the wells not exceeding amount received by lessee.

which shall operate as rental and cover the privilege of deferring the commencement of drilling operations for the further period of one  
year. In like manner and upon like payments or tenders, the commencement of drilling operations may be further deferred for like periods successively. All pay-  
ments or tenders may be made by check of lessee, or any assignee thereof, mailed to the post office address of the lessor as hereinabove set forth or delivered on  
or before the rental paying period. Provided, however, the lessee shall be granted a thirty (30) day grace period within which to make such payments and this lease  
shall not be forfeited if such payments are made within said thirty (30) day grace period after the time for payment as provided in this paragraph. If at any time  
more than six persons shall be entitled to participate in the rentals or royalties hereunder, lessee at its election may pay all rentals and royalties thereunder accruing  
to the credit of this lease in the depository bank last designated by lessor as herein provided, or lessee may withhold payment unless and until such persons shall  
designate, in a recordable instrument to be filed with the lessee, a common agent or trustee to receive all payments hereunder, and to execute and deliver rental  
receipts, division orders and/or transfer orders on behalf of said persons and their respective successors in interest.

(5) Subject to the provisions of Section 6 hereof, it is agreed that: (a) If during the primary term lessee shall, prior to obtaining production, drill a dry hole, or if  
after discovery production shall cease from any cause, this lease shall not terminate, provided (1) production shall be resumed or operations for the drilling of a  
well shall be commenced on or before the next ensuing rental paying date, or (2) lessee begins or resumes the payment of rentals in the manner and amount above  
provided on or before the rental paying date next ensuing after the expiration of three months from date of completion of dry hole or cessation of production; (b) If,  
at or after the expiration of the primary term, oil, gas or other hydrocarbon cannot be or is not being produced on said land, or lands utilized thereon, for any  
cause, but lessee is then engaged in drilling or reworking operations thereon, this lease shall remain in force so long as operations are prosecuted with no cessation  
of more than sixty consecutive days, and if they result in the production of oil, gas or other hydrocarbon, so long thereafter as oil, gas or other hydrocarbon is  
or can be produced.

(6) It is agreed that the times for beginning or for performing any work or operations under this lease shall be suspended or extended during such periods of  
time as such work or operations shall be delayed, interrupted or prevented by any cause of whatever kind or nature beyond the reasonable control of the lessee.  
If, after production has been obtained, operations under this lease are delayed, interrupted or prevented by lack of reasonable market, or by any cause of whatever  
kind or nature beyond the reasonable control of the lessee, this lease shall not terminate or be forfeited and no right of damages shall exist against lessor by reason  
thereof, provided operations are commenced or resumed within a reasonable time after removal of such cause. If at any time within three months prior to the  
expiration of the primary term of this lease production has not been obtained and the commencement or continuance of operations for the drilling of a well on said  
lands is delayed or prevented by any of the causes mentioned in this paragraph, the said primary term and all other terms of this lease may be extended for suc-  
cessive periods of time while such cause or causes exist, by continuing the payment or tender of delay rentals in the manner and amount and for the periods of time as  
provided in Section 4 of this lease for deferral of the commencement of drilling operations during the said primary term.

(7) Lessee, free of cost, may use oil, gas, or water found on said lands for operating purposes, but not water from lessor's wells, lessor to have free gas for  
stoves and inside lights in the principal dwelling house on said lands from any well thereon producing gas only, by making his own connections therewith, the use  
of such gas to be at the sole risk and expense of the lessor. Gas, including casinghead gas and residue gas, produced from any oil or gas well unavoidably lost,  
or which may be used by lessor in any process for recovering oil or other liquid hydrocarbons from the leased premises, or returned to the ground, whether  
through wells located on leased premises or elsewhere, shall not be deemed to have been sold or used off the premises within the meaning, express or implied, of  
any part of this lease. When requested by the lessor, the lessee shall bury its pipe below plow depth and also pay for damages caused by its operations to growing  
crops on said land. No well shall be drilled nearer than two hundred (200) feet to the house or barn nor any said premises, without the consent of the lessor. Lessee  
shall have the right at any time during or within a reasonable time after the expiration or cancellation of this lease to remove all machinery, fixtures, houses  
buildings and any and all other structures placed on said premises, including the right to draw and remove all casing.

(8) If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall extend to  
their heirs, executors, administrators, successors and assigns, but no change of ownership in the land or in the rentals or royalties shall be binding on the lessee  
until it has been notified thereof and has been furnished, forty-five (45) days before payment is due, with the original recorded record or assignment or a certified  
copy thereof. If lessee assigns this lease, in whole or as to specific parts, or as to an undivided interest therein, the obligation, if any, to pay rentals shall be ap-  
portioned as between the several leasee owners ratably according to their respective interests therein, and default by one or more in the payments or tenders of  
rentals shall not affect the validity of the lease on the portion of said lands or mineral interest therein upon which pro rata rentals are duly paid or tendered. Upon  
any assignment by lessee, it shall thereafter be relieved of all future expressed or implied obligations as to the portion or part assigned.

(9) The rights of either party herunder may be assigned, in whole or in part, and the provisions hereof shall extend to the heirs, successors and assigns of the  
parties hereto, but no change or division in ownership of the land, rentals, or royalties, however accomplished, shall operate to enlarge the obligations or diminish  
the rights of lessee. There shall be no obligation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease is now or may  
hereafter be divided by sale, devise, or otherwise, or to furnish separate measuring or receiving tanks.

(10) Lessor hereby warrants and agrees to defend the title to the lands herein described and agrees that the lessee, at its option, may pay and discharge any  
judgments, taxes, mortgages, or other liens on or against the above described lands, and may also redeem said lands for and on behalf of the lessor or lessee, and  
in the event lessee exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge  
of any such judgment, tax, mortgage or other lien, any royalty or rentals accruing hereunder. The lessee may become purchaser at any and all tax or foreclosure  
sales of the above lands. Lessor agrees to pay one-eighth (1/8) of all taxes of whatsoever kind or character now or hereafter levied by any duly constituted taxing  
authority upon the oil, gas, and other hydrocarbons produced from the premises hereinabove described, but the lessee shall have the right to pay such tax and to  
deduct the lessor's proportionate share thereof from any royalty payments accrued hereunder. If the lessor owns a less interest in the above described  
premises than the entire and undivided fee simple mineral estate therein, then the lessor's and lessee's shares as provided for shall be paid to the lessor only in  
the proportion which his interest bears to the whole and undivided mineral fee.

(11) Lessee at any time should include all or any part of the lands covered by this lease in a unit or cooperative operating agreement, lessee shall have the right to include lessor's royalty interest in said agreement and thereupon said agreement shall exclusively control the drilling, operating, and producing of such lands, anything to the contrary in this lease notwithstanding. The commencement and conduct of drilling operations on any part of the lands included in such agreement shall be deemed to comply with and satisfy all provisions of this lease relative to commencement and conduct of drilling operations if oil, gas or other hydrocarbon is found in paying quantities on any of the tracts of land included in such agreement, whether or not on lands included in this lease. The royalty payments, provided by Section 3 hereof, shall be paid only upon the portion of such production which is allocated under said agreement to lands covered by this lease, and this lease shall remain in force as long as oil, gas or other hydrocarbon is or can be produced from such tracts or any of them. Any agreement made by lessee under this paragraph shall be in writing and lessee shall furnish lessor with a copy of the signed agreement.

(12) This lease shall not be terminated, forfeited or canceled for failure by lessee to perform in whole or in part any of its implied covenants, conditions, or stipulations until 4 shall have been first finally and judicially determined that such failure or default exists; and thereupon lessee shall be given a reasonable time thereafter to correct any default so determined, or at lessor's election it may surrender the lease with option of reserving under the terms of this lease each producing well and ten (10) acres surrounding it as selected by lessee, together with the right of ingress and egress thereto. Lessee shall not be liable in damages for breach of any implied covenant or obligation.

(13) Lessee may at any time surrender this lease to all or any part of the lands or minerals covered hereby, by delivering or mailing a release thereof to the lessor, or by placing a release thereof on record in the proper county, and if surrendered only as to a part of said lands, any delay rentals or acreage payments which may thereafter be payable hereunder shall be reduced proportionately. All lands leased shall remain subject to easements for rights of way necessary or convenient for lessee's operations on land retained by it.

(14) This lease and all its terms, conditions, and stipulations, shall extend to and be binding upon all heirs, devisees, representatives, successors or assigns of said lessor or lessee.

(15) This lease may be executed in any number of counterparts with the same force and effect as if all parties had signed the same document; and this lease shall be effective as to each lessor on execution hereof as to his or her interest and shall be binding on those signing notwithstanding some of the lessors above named may not join in the execution hereof.
