

RESTATED ASSIGNMENT OF NET PROFITS INTEREST

The Assignment of Net Profits Interest dated as of April 17, 1986 and recorded in the official records of Eureka County, Nevada on April 18, 1986 in Book 143 at Page 550, File No. 102460 is hereby amended and restated as of January 11, 1989 by this Restated Assignment of Net Profits Interest.

Atlas Gold Mining Inc., a Nevada corporation, its successors and assigns ("Grantor"), hereby grants to Bank of America National Trust and Savings Association, whose address is c/o Payment Services Operations #5693, 1850 Gateway Boulevard, Concord, California 94520, a national banking association, its successors and assigns ("Grantee"), for the sum of Ten Dollars (\$10.00) and other good and sufficient consideration, three percent (3%) of the net profits from the sale of the first 271,000 troy ounces of gold mined and recovered in the aggregate from the Gold Bar, Gold Ridge, Gold Pick and Goldstone mining properties (as defined in the Restated Credit Agreement of even date herewith among Grantor, Grantee, Atlas Precious Metals, Inc. and Atlas Corporation) (the "Credit Agreement"), and more fully described in Exhibit "A" attached hereto, situated in Eureka County, Nevada (the "Mining Properties"), calculated and payable on a quarterly basis as set forth below. Net profits from the Mining Properties are calculated as follows:

	Net smelter returns
less:	Total operating costs
less:	Book depreciation, depletion and amortization
less:	<u>Interest</u>
equals:	Net Profits

"Net smelter returns" are the gross proceeds received by Grantor from the sale of gold, less (a) all costs to Grantor of handling, weighing, sampling, assaying and transporting it from the point of last processing by Grantor, including insurance and in-transit security costs; (b) all charges and penalties imposed by the smelter, refinery or purchaser; and (c) ad valorem taxes, severance taxes and such other taxes as are imposed upon Grantor's production, other than taxes imposed on or measured by Grantor's net income.

In determining Net Profits there shall be no deductions for taxes imposed on or measured by Grantor's net income nor shall there be any deduction for fees, expenses or contracts for management by Atlas Corporation or its officers or directors. Total Operating Costs shall not include any exploration costs. Depreciation, depletion and amortization

shall be based on substantiated initial and ongoing Capital Expenditures (as defined in the Credit Agreement), provided that initial capitalized development costs incurred prior to the date of the Mine Plan delivered to Grantee pursuant to Section 4.01(e) of the Original Credit Agreement (as defined in the Credit Agreement), which are used in the determination of Net Profits, shall not exceed Three Million Four Hundred Eight Thousand Seven Hundred Fourteen Dollars (\$3,408,714). Depreciation and depletion shall be calculated on either a straight line or unit of production method, in the sole discretion of the Grantor, in each case in accordance with generally accepted accounting principles.

To have and to hold said Net Profits Interest unto Grantee, in accordance with the terms set forth above, forever.

So long as the Net Profits Interest granted hereby remains in force and effect, Grantor, at its own expense, shall furnish to Grantee not later than thirty (30) days after the close of each calendar quarter, a statement of the total number of troy ounces of gold mined, recovered and sold from the Mining Properties during each month of said calendar quarter. The Grantee shall have the right to inspect the records of the Grantor on seven (7) days' notice to verify the method of calculation of Net Profits and the total number of troy ounces of gold mined, recovered and sold from the Mining Properties during any month.

At such time as Grantee shall have received the total sum of three percent (3%) of the Net Profits on the first 271,000 ounces of gold mined, recovered and sold from the Mining Properties, but not before then, regardless of the termination of the aforementioned Credit Agreement or the repayment of the Loans (as defined therein), the Net Profits Interest granted herein shall automatically terminate and Grantee's Net Profits Interest in and to the Mining Properties shall be automatically extinguished. Upon the termination of the Net Profits Interest and upon Grantor's request, Grantee shall execute and deliver to Grantor a written relinquishment of its rights and interests hereunder in recordable form.

Grantor hereby represents and warrants that it has title to the Mining Properties which is superior and paramount to any adverse claim or right of title which may be asserted, subject to the paramount title of the United States and the rights of third parties to the Mining Properties pursuant to the Multiple Mineral Development Act of 1954 and the Surface Resources and Multiple Use Act of 1955.

The rights of Grantor and Grantee pursuant to the terms hereof shall be determined by the laws of the state of Nevada.

The rights and interests, granted to Grantee hereunder shall not obligate Grantor to develop or mine any of the Mining Properties in any manner other than as required pursuant to the Credit Agreement, and there are no implied covenants with regard to the development or mining of the Mining Properties created hereby.

WITNESS the hand of said Grantor this 11th day of January, 1989.
