To the Eureka County Recorder:

Enclosed are mylar and blackline copies of the maps for MolyCorp's MH 1-192 lode mining claims which were originally recorded on October 26, 1988, as Eureka County file no. 123900. Sheet 2 of the map has been amended. No claim locations or boundaries have changed. The Township was mislabeled on the original map. It has been amended on sheet 2 of the map from T 28 N to T 26 N.

I have enclosed two blackline copies for each of the two sheets of the map. Please return one recorded copy to me.
