See Exhibit A

situated in Eureka County, Nevada, hereinafter referred to as the "Mining Property."

TOGETHER WITH all the dips, spurs and angles, and also all the minerals, metals, ores, rock and earth and all other minerals therein, including but not limited to gold and silver, and any and all right, title, and interest of said Grantors in to any and all veins, lodes or mineral deposits extending into or contained in said unpatented lode mining claims; together with all mining dumps, rights of way, easements, water, water rights, tenements, hereditaments, privileges, appurtenances and appropriations of every kind and nature belonging to Grantors, and located at or in the vicinity of the Mining Property, or in anywise appertaining thereto, including all the rights, privileges, and franchises thereto incident, appendant and appurtenant, or therewith usually had and enjoyed.

TO HAVE AND TO HOLD, the mining claims and the land embraces therein comprising the Mining Property, and water rights, tenements, hereditaments and other interest or title hereby conveyed unto said Grantee, its successors and assigns, forever.

Grantee shall forever indemnify and hold harmless, Grantor from and against any and all past, present and future liability, damages, costs, expenses, fines, penalties and fees (including reasonable attorney and consultant fees) arising from or regarding or relating to the ownership or operation of the Mining Property by Grantee, its agents, designees, assignees or successors in interest. Such indemnification shall extend to and encompass all claims, demands, actions or other matters which arise under the common law or other laws designed to protect the environment, public health or welfare including, without limitation, the following laws (as amended) and any regulation promulgated thereto: the Clean Water Act of 1977 (33 USC §1251 et seq.); the Clean Air Act of 1963 (42 USC § 7401 et seq.); the National Environmental Policy Act of 1969 (42 USC §4321 et seq.); the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (42 USC § 9601 et seq.); the Resource Conservation and Recovery Act of 1976 (42 USC § 6901 et seq.); the Toxic Substance Control Act of 1976 (16 USC § 2601 et seq.); the Safe Drinking Water Act (42 USC § 300f et seq.); the Occupational Safety and Health Act of 1970 (29 USC § 651 et seq.); and any state or local statutes, regulations or ordinances. Grantee shall defend Grantor, at the option of Grantor, against any claims, demands, actions or other matters, whether brought or asserted by federal, state or local governmental bodies or officials or by private persons, which are asserted pursuant to or brought under such laws.

RESERVING, HOWEVER, to Grantors, their heirs, successors and assigns, subject to the limitations, terms and conditions set forth hereinbelow, a royalty of three percent (3%) of the net smelter returns on all ores, minerals, metals,

precipitates, concentrates, and by-products mined and shipped by Grantee, its successors and assigns, from the land embraced within the exterior boundaries of the above-described mining claims comprising the Mining Property, and sold by Grantee or further processed and marketed by or for Grantee.

Payments of such royalty shall be made on a monthly basis and shall be mailed to Grantor at the address specified hereinabove, and Grantor agrees to give Grantee thirty (30) days advance written notice of any change in the address of Grantor. Grantee shall furnish to Grantor with each payment of royalty a written statement explaining the basis for calculating such royalty.

The term "Net Smelter Returns" as used herein means the net amount received by Grantee from a smelter or other purchaser of production mined from the Mining Property, after deduction of the following costs paid by or charged to Grantee:

- (i) All smelting, refining, and treatment, charges and penalties charged by an independent smelter or other independent purchaser for such production;
- (ii) All costs of transporting such production at and from the Property or Grantee's final processing and beneficiation site to the smelter or other purchaser; and
- (iii) All production, severance, sales and privilege taxes paid on such production.

Whenever production is delivered for direct sale or future processing to a processing or sales facility owned or controlled by Grantee (other than a processing facility constructed on the Property), or to a facility which processes or sells such production for Grantee on a toll basis, then such substances shall be deemed sold when delivered and the "net smelter returns" from such deemed sale shall be an amount not less than the amount which would have been realized by Grantee if the sale had been to the nearest independent purchaser of such products; in which case, an amount not to exceed the charges, costs and expenses permitted herein may be deducted.
