AFFIDAVIT OF PERFORMANCE OF ANNUAL
ASSESSMENT WORK AND GEOPHYSICAL SURVEY REPORT

STATE OF NEVADA)
 : ss.
COUNTY OF WASHOE)

Anthony P. Taylor, being first duly sworn, deposes and states as follows:

1. I am the President of Great Basin Exploration and Mining Company, Inc., a Nevada corporation, whose business address is 3400 Kauai Court, Suite 208, Reno, Nevada 89509. I am more than 18 years of age and am personally familiar with the group of mining claims described in the attached Exhibit A, situated in Eureka County, Nevada, the location notices of which are recorded in the official records of Eureka County, Nevada. Said claims are owned by Wild Rose Management Co., subject to an Agreement dated Feb. 3, 1991, with Great Basin Exploration & Mining Co., Inc.

2. During the period of Sept. 1, 1990 through August 31, 1991, at least FOUR THOUSAND FIVE HUNDRED AND NO/100 DOLLARS (\$4,500.00) worth of work and improvements was performed upon said claims, which equates to at least \$100 worth of work and improvements on each of the said claims. Said work was performed by Great Basin Exploration and Mining Company, Inc., and Great Basin Geophysical, Inc. at the expense of Great Basin Exploration and Mining Company, Inc., for the purpose of complying with the laws of the United States and the State of Nevada pertaining to annual assessment work for the assessment year ending September 1, 1991.

3. The work performed consisted of a geophysical and geochemical surveying program, in conformance with the provisions of 30 U.S.C., 28-1, as described more particularly in the report attached hereto as Exhibit B. In addition, sampling was completed on the claims, which work tends to evaluate, improve and develop each of the said claims and is part of a general plan of evaluation, improvement and development of the claims.

BOOK 227 PAGE 466

4. The above-described work pertained to and benefitted each and every claim described in Exhibit A, which claims are contiguous to one another.

DATED this 23rd day of October, 1991.

to

Affidavit of Performance of Annual
Assessment Work and Geophysical Survey Report

Geophysical and Geochemical Survey Report

This report has been prepared in compliance with the requirements of 30 U.S.C., 28-1 as assessment work for the year ending at noon on September 1, 1991, for the unpatented mining claims listed and described in Exhibit A (the "Subject Claims"), which claims are located in Eureka County, Nevada. The report describes a geophysical and geochemical survey program conducted on the Subject Claims during Sept. 1, 1990 through September 1, 1991, by experts qualified by education or experience in their respective fields.

The geophysical and geochemical assessment work related to each and every one of the Subject Claims, which claims are contiguous to one another. The work was conducted on behalf of and at the expense of Great Basin Exploration and Mining Company, Inc., owner of a leasehold interest in the Subject Claims. The work was done on the Subject Claims, and has not been applied as labor for more than two consecutive years or for more than a total of five years on any one of the Subject Claims.

The work consisted of geophysical ground surveys, stream sediment and rock chip sampling, geophysical mapping, geological mapping, geochemical analyses, and related field work. The geophysical surveys consisted of approximately (1.5 miles of IP resistivity measurements on 800-foot dipole spacings). The work was performed by Great Basin Exploration and Mining Company, Inc., and Great Basin Geophysical, Inc. A total of more than FOUR THOUSAND FIVE HUNDRED AND NO/100 DOLLARS (\$4,500.00) was expended in performing the work.

This work located and defined the depth to bedrock and fault zones beneath the Subject Claims. Changes in lithology were also found where bedrock was found. The work also helped to better define potential mineral zones and the extent of existing mineralization.

The address and expert qualifications of Douglas R. Bowden, who supervised and assisted in the survey and sampling work, are as follows:

Name: Douglas R. Bowden
Title: Senior Project Geologist
Address: 3301 Jarbridge Way
Sparks, Nevada 89434
Degree/Major/University: BSc Geology GVSU (Michigan)
MSc Geology MTU (Michigan)
Professional Affiliations: Geological Soc. of Nevada
Northwest Miners Assoc.
Work Experience: 15 Yrs. Prof. Geologist

RESPECTFULLY SUBMITTED this 23rd day of October, 1991.
