DEED

This Deed (this "Deed") is entered into and shall be effective as of May 3, 1999, and is from Newmont Gold Company, a Delaware corporation whose address is 1700 Lincoln Street, Denver, Colorado 80203 ("Grantor") to Barrick Goldstrike Mines Inc., a Colorado corporation whose address is P.O. Box 29, Elko, Nevada 89801 ("Grantee").

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantor does hereby grant, bargain and sell to Grantee, its successors and assigns forever, all of the real property located in Eureka County, Nevada, more particularly described on Exhibit A to this Deed (the "Property"), together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof, to have and to hold, all and singular such premises together with the appurtenances, unto Grantee, and to its successors and assigns forever, subject only to: (i) the terms and conditions in this Deed, including Exhibit A, (ii) the matters described on Exhibit B to this Deed, (iii) the easements and other interests in property in favor of Grantor, its successors and assigns, described on Exhibit C to this Deed, which Grantor hereby reserves, and (iv) a reservation to Grantor of all water, water rights and other interests in water appurtenant to, or held, owned or used in connection with the Property or any portion thereof.

1. With respect to the Property consisting of the surface estate described in Parcel 2A of Exhibit A, Grantee's surface rights shall be the dominant estate so as to allow for disposal of mine waste on such Property by Grantee. Grantor hereby reserves surface use rights in such Property for exploration and underground access, but those rights shall be subject to Grantee's right to dispose of waste thereon.

2. With respect to any portion of the Property (or an undivided interest in some of such Property), for which Elko Land and Livestock Company, a Nevada corporation ("ELLCO"), was Grantor's immediate predecessor in title, Grantor warrants that ELLCO did not suffer any encumbrance of or transfer any title to any such Property except only (i) its transfer of such Property to Grantor and (ii) the matters described on Exhibit B to this Deed.

3. This Deed is given subject to any liens for taxes and assessments not due and payable.

4. This Deed shall be governed by the laws of the State of Nevada.

RE: Newmont/Barrick
Settlement Line

Dear Larry:

The settlement points and reference monuments have been re-set on the above referenced line. The procedure to re-set these monuments were as follows:

- 1) Field search and survey was conducted to tie all remaining settlement points from the 1985 record of survey and all reference monuments from the 1986 reference monument survey.
- 2) This survey was conducted using the Barrick Mine grid coordinate system.
- 3) The record information was calculated from the 1985 Record of Survey employing a 00 04'09" rotation to calculate to Barrick Mine Grid System, at this point the field coordinates were compared to the record coordinates, they were virtually the same.
- 4) The calculated record points were held, and the reference monuments and agreement point were set using these coordinates.
- 5) There is a slight variation from the Barrick calculations to Summit Engineering calculations shown as follows. This could be attributed to round off error on the 1985 Record of Survey map. Because of the slighness, either calculations could be used.

Definition of Barrick Vertical Datum

Elevation values are stated in Barrick Vertical Datum and can be converted to National Geodetic Vertical Datum of 1929 ("NGVD29") by subtracting 24.33 feet. The Barrick Vertical Datum is expressed in feet.

In order of preference as listed, one of the below-listed survey monuments and its corresponding Barrick elevation will be used as a reference to determine the Barrick Vertical Datum, so long as that monument is undisturbed (e.g. use Preference 1 first, unless disturbed; if disturbed, then use Preference 2, and so on):

Barrick Vertical Datum Reference Points (Listed in order of Preference, <i>Locations Approximate</i> ¹)

¹ The above coordinates are not to be used for Horizontal Control. For Horizontal Control, see Exhibit Z, "Definition of Horizontal Control."

A monument shall be deemed to be disturbed if it appears to be disturbed upon inspection, or if its relative vertical position changes (as a result of subsidence or otherwise) with respect to the preponderance of other monuments listed below it, by more than one-half foot (0.5 feet). Should

a monument be determined to be disturbed, the next undisturbed monument on the list will be used.

Exhibit C
to
Grant, Bargain and Sale Deed
dated May 3, 1999
from
Newmont Gold Company
to
Barrick Goldstrike Mines Inc.

Eureka County, Nevada

Excepting and reserving unto Grantor, its affiliates, successors and assigns, the following:

1. An easement and right to use for (i) conveyor, (ii) crusher, (iii) ore stockpile(s), and (iv) roads, as situate in the E1/2 of Section 19, SW1/4 of Section 20, T36N, R50E, M.D.B.&M., Eureka County, Nevada and as generally delineated on Exhibit C-1 (attached hereto and made a part hereof), for use in connection with the operation of Grantor's Mill 4 (situate in Sections 17 and 20, T36N, R50E, M.D.B.&M., Eureka County, Nevada).
2. An easement and right to use the roads on the property as generally delineated on the map attached hereto as Exhibit C-2, Sheet 1 and Exhibit C-2, Sheet 2 for purposes related to Grantor's mining and exploration activities.
3. An easement and right to use a pipeline, as situate in the NE1/4 of Section 30, and SW1/4 of Section 20, T36N, R50E, M.D.B.&M., Eureka County, Nevada and as generally delineated on Exhibit C-3 (attached hereto and made a part hereof), for purposes related to Grantor's mining and milling operations.
4. An easement and right to use for a communications site in the SE1/4 of Section 19, T36N, R50E, M.D.B.&M., as generally delineated on the map attached hereto as Exhibit C-4 and made a part hereof.
5. The right to trail cattle through Parcel 1 and Parcel 2A, consistent with historical uses and agreements between Grantor and Grantee (including their affiliates and assigns).

The easements and rights reserved in this Deed shall be subject to the following provisions:

- (a) If because of a change in Grantee's operations or other new circumstances, it becomes reasonably necessary for the Grantee to use some or all of the property subject to the easements or rights excepted and reserved hereunder for purposes related to Grantee's mining, milling or exploration operations and such uses are incompatible with Grantor's continued use of such easement or right, Grantee shall give to Grantor written

notice (a "Relocation Notice"), as far in advance as practicable, describing the nature and location of Grantee's intended use of the property. Such notice shall designate a portion of Grantee's property, reasonably equivalent in location and function to the existing easement or right, to which the Grantee proposes that Grantor's existing easement or right be relocated. If Grantee does not own or control such reasonably equivalent property to which the easement or right can be relocated, Grantee shall designate a portion of Grantor's property to which Grantee proposes that the easement or right be relocated. If Grantor no longer has a continuing need for the easement or right, Grantor shall deliver to Grantee a termination instrument as provided in paragraph (c), below. If Grantor has a continuing need for the easement or right, within twenty days after receipt of a Relocation Notice, Grantor and Grantee shall meet and endeavor in good faith to agree on a new location for the easement or right that is the subject of the Relocation Notice. The Grantor and Grantee shall endeavor to find a relocation site that accommodates the anticipated needs of both parties to the maximum extent reasonably practicable and that takes into account the relative operational and financial burdens of such relocation to each of Grantor and Grantee. If the Grantor and Grantee are unable to agree on a new location for the affected easement or right within twenty days after their meeting, then the easement or right shall be relocated to a location on Grantee's property selected by Grantee, or if no such property is reasonably available, to a location on Grantor's property selected by Grantor within ten days after the Grantor and Grantee are unable to agree on a relocated site. Once a relocated site is selected, Grantee shall relocate the easement, right, or facilities thereon, as soon as is practicable and in a cost-effective manner. Grantee shall undertake reasonable measures and efforts to avoid or mitigate any adverse impacts to Grantor's operations due to the relocation effort. The costs and expenses of such relocation shall be borne by Grantee. Upon completion of the relocation of any easements or rights, Grantor and Grantee shall execute and deliver an instrument in recordable form evidencing such relocation.

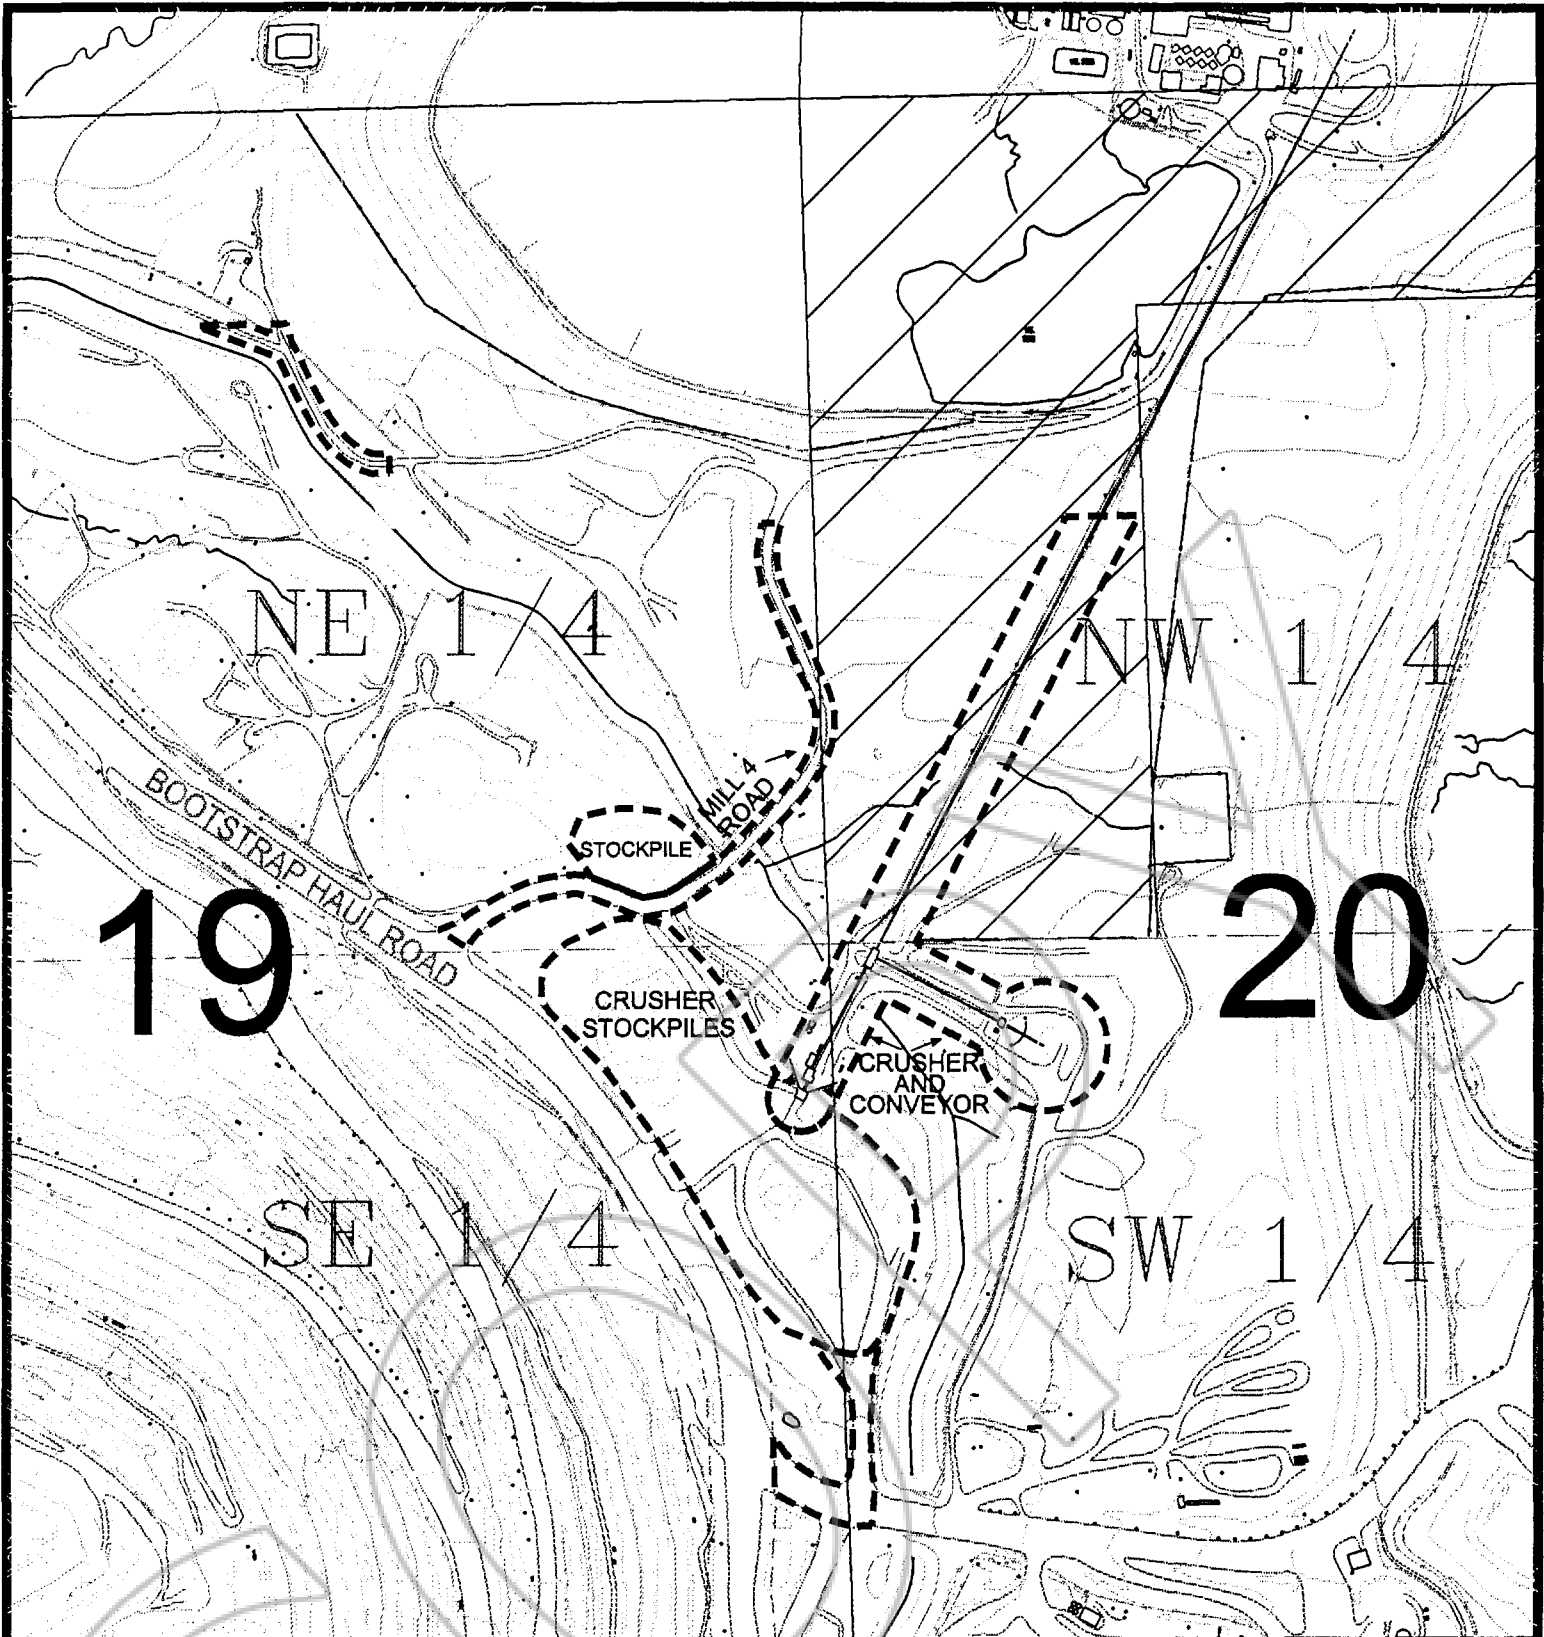

†
(b) Notwithstanding the provisions of paragraph (a) above, however:

(i) with respect to the easement and rights described in paragraph 1 above, (A) Grantee shall not give notice of its need to relocate such easement and rights unless its mine plan for the Betze-Post open pit mine requires such relocation in order to permit the mining activities contemplated thereby, (B) if such mining activities require the relocation of Grantor's stockpiles, but not its crusher or conveyor, such relocation shall be effected to a location on Grantor's land that is as close as practicable to Grantor's crusher, (C) if such mining activities require relocation of Grantor's crusher and conveyor, such relocation shall be effected to a location that is along the existing route of Grantor's conveyor and that makes use, as much as is economically and operationally practicable, of Grantor's property in the vicinity of its Mill 4, (D) Grantor shall have 180 days from the date of its receipt of such notice within which to effect such relocation, and (E) Grantor and Grantee each shall bear one-half the costs and expenses of such relocation; and

(ii) with respect to the easement and rights described in paragraph 2 above with respect to the road commonly known as the Bootstrap Haul Road, any relocation of such easement and rights shall be effected to a location that is within a corridor surrounding, and is as close as is operationally practicable to, the Bootstrap Haul Road as it exists as of the date of this Deed.

(c) At such time as Grantor's use of any such easement terminates, it shall deliver to Grantee an executed termination, in recordable form, of the same.
