Trustor agrees to pay reasonable Trustee's fees for any of the foregoing services.

19. COLLECTION OF RENTS. Prior to any default by Trustor in the payment, observance, performance and discharge of any condition, obligation, covenant, or agreement of Trustor contained herein, Trustor may, as the agent and fiduciary representative of Beneficiary for collection and distribution purposes only, collect and receive the Rents as they come due and payable; the Rents are to be applied by Trustor to the payment of the principal and interest and all other sums due or payable on any promissory note or guaranty secured by this Deed of Trust and to the payment of all other sums due under this Deed of Trust and, thereafter, so long as aforesaid has occurred, the balance shall be distributed on the account of Trustor. However, Beneficiary shall have the right before or after the occurrence of any default to require any account debtor to pay all amounts owing with respect to Rents directly to Beneficiary. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or by a receiver to be appointed by court, and without regard to the adequacy of any security for the Indebtedness, enter

upon and take possession of Property or any part thereof, in its own name, sue for or otherwise collect such Rents, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorneys' fees, upon any Indebtedness, and in such order as Beneficiary may determine; also perform such acts of repair, evaporation, irrigation or protection, as may be necessary or proper to conserve the value of the Property; also lease same or any part thereof for such rental, term, and upon such conditions as its judgment may dictate; also prepare for harvest, remove, and sell any crops that may be growing upon the Property, and apply the proceeds thereon to the Indebtedness.

20. TRUSTEE'S EXERCISE OF REMEDIES IS NO CURE OF DEFAULT. The entering upon and taking possession of the Property, collection of such Rents, or the proceeds of fire and other insurance policies, or compensation or awards for taking of or damage to the Property, and the application or release thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

21. REMEDIES. Upon default by Trustor in payment of all or a portion of the Indebtedness or in performance of any agreement hereunder, amounts secured hereby shall immediately become due and payable at the option of the Beneficiary and in accordance with applicable state law. In the event of default, Beneficiary may employ counsel to enforce payment of the Indebtedness, may cause the Trustee to sell the Property in accordance with the power of sale granted herein and the applicable state law, and may exercise such other rights and remedies granted under this Deed of Trust or by law and equity, including but not limited to California Code of Civil Procedure Sections 726.5 and 736 or similar laws of other jurisdictions, which rights and remedies shall be cumulative and not exclusive.

Trustee may sell the Property either as a whole or in separate parcels, and in such order as it may determine. The purchase price shall be payable in lawful money of the United States at the time of the sale. In exercising the power of sale contained herein, Trustee may hold one or more sales of all or any portion of the Property by public announcement at the time and place of sale set forth in the notice thereof, and from time to time thereafter may postpone such sale or sales of all or any portion of the Property to the same or separate days by public announcement at such time fixed by the Trustee. Any person, including Trustee or Beneficiary, may purchase at any such sale. Beneficiary may bid at any such sale, and if Beneficiary is the successful purchaser, it may apply any of the outstanding Indebtedness in settlement of the purchase price.

Beneficiary may resort to realize upon the security hereunder and any other real or personal property security now or hereafter held by Beneficiary for the obligations secured hereby in such order and manner as Beneficiary may, in its sole discretion, determine; or may resort to any or all such security may be taken concurrently or successively and in one or several consolidated or independent judicial actions or lawful nonjudicial proceedings, or both. If the Indebtedness is secured by personal property, fixtures or crops, Beneficiary may enforce its security interest in the personal property, fixtures and crops and its lien under this Deed of Trust in any manner and in any order or sequence permitted by applicable law.

All remedies are cumulative and none are exclusive; no election by Beneficiary to pursue one remedy or item of collateral shall be deemed to be a release or waiver of any other item of collateral or a release or modification of the liability of Trustor or any grantor to pay all Indebtedness or perform in full all obligations to Beneficiary. The procedures governing the enforcement by Beneficiary of its foreclosure and provisional remedies against Trustor shall be governed by the law of the state in which the Property is located. Nothing contained herein shall be construed to provide that the substantive law of the state in which the Property is located shall apply to the Beneficiary's rights and the Trustor's obligations hereunder or under the promissory note(s), which are and shall continue to be governed by the substantive law of the state in which the promissory note was executed.

22. NON-WAIVER. The failure on the part of the Beneficiary to promptly enforce any right hereunder shall not operate as a waiver of such right, and the waiver by Beneficiary of any default shall not constitute a waiver of any other or subsequent defaults. Subsequent acceptance of any payment by the holder hereof shall not be deemed a waiver of any default by Trustor, or of Beneficiary's rights hereunder as the result of any sale, agreement to sell, conveyance, or alienation, regardless of holder's knowledge of such default, sale, agreement to sell, conveyance, or alienation at the time of acceptance of such payment.

23. SUCCESSORS AND ASSIGNS. This Deed of Trust applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, executors, administrators, executors, successors and assigns. The term Beneficiary shall mean the holder and owner of any note secured hereby; or, if the note has been pledged, the pledgee thereof. In this Deed of Trust, whenever the text so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

24. SUBSTITUTE TRUST. Beneficiary may, from time to time or at any time, substitute a Trustee or Trustees to execute the trust hereby created, and when any such substitution has been filed for record in the office of the Recorder of the county in which the Property herein described is situated, it shall be conclusive evidence of the appointment of such Trustee or Trustees, and such new Trustee or Trustees shall succeed to all of the powers and duties of the Trustee or Trust named herein.

25. DUE ON SALE OR TRANSFER.

25.1 In the event the herein-described Property, (including any existing or subsequently acquired or created Water Asset), or any part thereof, or any interest therein, is transferred or agreed to be transferred, without Beneficiary's prior written consent, all Indebtedness, irrespective of the maturity dates, at the option of the holder hereof, and with demand or notice, shall immediately become due and payable. As used herein, "transferred" means so conveyed, alienated, exchanged, transferred by gift, further encumbered, pledged, hypothecated, made subject to an option to purchase, or otherwise disposed of, directly or indirectly, or in trust, voluntarily or involuntarily, by Trustor or by operation of law or otherwise. Failure to exercise such option shall not constitute a waiver of the right to exercise this option in the event of subsequent transfer or subsequent agreement to transfer.

25.2 If Trustor is an entity other than a natural person (such as a corporation or other organization), then all Indebtedness, irrespective of the maturity date, at the option of Beneficiary, and without demand or notice, shall become immediately due and payable if: (a) a beneficial interest in Trustor is transferred; (b) there is a withdrawal or removal of a general partner of a partnership or a manager of a limited liability company; (c) there is a transfer in the aggregate of more than 25% of the voting stock of Trustor if Trustor is a corporation, or there is a transfer in the aggregate of more than 25% of the partnership interests or membership interests if Trustor is a partnership, limited liability company or similar entity; or (d) Trustor is dissolved or its existence as a legal entity is terminated.

26. SEVERABILITY. In the event any one or more of the provisions contained in this Deed of Trust or in any promissory note, guaranty, or other document secured hereby shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Deed of Trust or said promissory note or guaranty, but this Deed of Trust and said promissory notes or guaranties shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein or therein.

27. NOTICES TO TRUSTOR. The undersigned Trustor agrees that he/she is entitled only to those notices required by applicable law and requests that a copy of any notice of default and of any notice of sale hereunder be mailed to Trustor at the address set forth below.

28. EXHIBITS. All exhibits to this Deed of Trust are considered to be incorporated into and made a part of this Deed of Trust.

29. JOINT AND SEVERAL LIABILITY AND LEGAL ENTITY WARRANTY AND CERTIFICATION. If Trustor consists of more than one person, each will be jointly and severally liable for the faithful performance of all of Trustor's obligations under this Deed of Trust. If Trustor is a legal entity, Trustor (and any person signing this Deed of Trust in a representative capacity on behalf of Trustor) represents, warrants and certifies that Trustor is duly constituted under applicable laws and in good standing; that Trustor has the power, authority, and appropriate authorization to execute this Deed of Trust and enter into the transactions described herein and that, when executed, this Deed of Trust, and any document executed by Trustor in connection herewith, shall be valid and legally binding on Trustor. If Trustor is a trust, each trustee executing this Deed of Trust on behalf of the trust also represents, warrants and certifies that this Deed of Trust and any document executed in connection herewith is being executed

by all the currently acting trustees of the trust and that the trust has not been revoked, modified, or amended in any manner which would cause any of the foregoing to be incorrect.

30. NON-MERGER. No merger will occur as a result of Beneficiary acquiring any other estate in or any other lien on the Property, unless Beneficiary consents to a merger in writing.

31. MISCELLANEOUS. Used herein, the word "including" means "including without limitation" and/or "including but not limited to". The captions used in this Deed of Trust are for convenience only and do not define or limit any terms or provisions. Listing of any specific collateral, items, instances or other matters in any way limits the scope or generality of any language of this Deed of Trust.

32. WETLANDS AND HIGHLY ERODIBLE LANDS. The Borrower further agrees that the loan secured by this Instrument will be in default if any loan proceeds are used for a purpose that will contribute to excessive erosion of highly erodible land or the conversion of wetlands to produce or to make possible the production of an agricultural commodity, as further explained in 7CFR Part 1940, Subpart G, Exhibit M.

ADDENDUM TO DEED OF TRUST

(Prior Alienation of Mineral Rights (LF))

Trustor (s) acknowledges that certain mineral rights appurtenant to the real property described in the Deed of Trust (Property) have previously been alienated, transferred, sold, leased, assigned or hypothecated to a third party (ies). Given that fact, the Trustor (s) hereby agree and stipulate that Trustor (s) will indemnify and hold harmless the Beneficiary from any loss or liability directly or indirectly arising out of the use, generation, manufacture, production, storage, release, threatened release, discharge, disposal, presence of any "hazardous substance" on, under, or about the Property or generated by the mining, exploitation, removal, sale or transfer of mineral rights appurtenant to and/or formerly attached to the real property described in the Deed of Trust. This indemnity will apply and be in full force and effect whether the "hazardous substance" on, under or about the Property or is related to the mining, exploitation, removal, sale or transfer of mineral rights that were previously sold, leased, assigned, transferred or otherwise alienated from the Property. This Indemnity includes, but is not limited to, reasonable attorney's fees. This Indemnity extends to the Beneficiary, its parent, subsidiaries, and all their directors, officers, employees, agents, successors, attorneys and assigns. For the purposes of this Indemnity, the term "hazardous substance" means any substance which is or becomes designated as "hazardous" or "toxic" under any federal, state or local law. This Indemnity will survive repayment of the Trustor (s)'s obligations to the Beneficiary.

The Trustor (s) acknowledges that hazardous substances may permanently and materially impair the value and use of the Property, adversely affecting both the Trustor (s) and the Beneficiary's interests in said Property.

The Trustor (s) agrees and stipulates that it will promptly notify the Beneficiary if it knows, suspects or believes that there may be any substance in or about the Property or in the air, ground water, or soil vapor on or under the Property, specifically including mining, exploitation, removal, sale or transfer of the mineral rights appurtenant, use or formerly attached to the Property, or that the Trustor (s), or the Property, or the holder of the mineral rights to the Property may be subject to any threatened or pending investigation by any governmental agency under any law, regulation, or ordinance pertaining to any "hazardous substance". Trustor (s) agrees and stipulates that it will promptly notify the Beneficiary if it knows, suspects or believes that the holder of title to the mineral rights or of the right to exploit the mineral rights or any person acting in concert with or at the bequest of any such person is, or intends to take or conduct any operations with respect to the investigation, mining, exploitation, removal or transfer of said mineral rights or the by-products thereof, whether or not it involves the use of any "hazardous substance" or the production of any "hazardous substance" as a by-product of such activity. Failure to give the Beneficiary notice pursuant to this paragraph will be a material default of Trustor (s)'s obligations under the Deed of Trust as determined in the Beneficiary's sole discretion.

The Beneficiary and its agents and representatives will have the right at any reasonable time to enter and visit the Property for the purposes of observing the Property, taking and moving soil or ground water samples, and conducting tests on any part of the Property. The Beneficiary is under no duty, however, to visit or observe the Property to conduct tests. Any such tests by the Beneficiary will be solely for the purpose of protecting the Beneficiary's rights under this Deed of Trust. No site visit, observation or testing by the Beneficiary will result in a waiver of any default of the Trustor(s) or impose any liability on the Beneficiary. In no event will

any site visit, observation or testing by the Beneficiary be a representation that hazardous substances are or are not present in, on, or under the Property, or that there has been or will be compliance with any law, regulation, or ordinance pertaining to hazardous substances any other applicable governmental law. Neither the Trustor (s) nor any party is entitled to rely on the any site visit, observation or testing by the Beneficiary. The Beneficiary owes no duty of care to protect the Trustor (s) or any other party of, any hazardous substances or adverse conditions affecting the Property. The Beneficiary, however, will disclose to the Trustor (s) the finding of any report made as a result of, in connection with any site visit, observation, or testing by the Beneficiary. In each instance, the Beneficiary will give the Trustor (s) reasonable notice before entering the Property or any other place that the Beneficiary is permitted to enter under this paragraph. The Beneficiary will make reasonable efforts to avoid interfering with the Trustor (s)'s use of the Property in exercising any rights provided in this paragraph.

The Trustor (s) agrees to provide the Beneficiary with copies of any and all documents in its possession or control, or to which it has access, by which the Trustor (s), or any predecessor interest to the Trustor (s), conveyed the mineral rights or any portion thereof to a third party including any modifications, amendments, or addendums to said documents.

Trustor (s) agree and stipulate that if Trustor (s) or a third party takes any action or conducts any operations to exploit the mineral rights, including the mining, removal, sale or transfer of the mineral rights, including the mining, removal, sale or transfer of the mineral rights appertenant to, under or formerly attached to the Property, the

Trustor (s) will if so requested by the Beneficiary, take whatever action is necessary under state or federal law to sever and parcel so much property as the Beneficiary may desire that is affected by the previously described operations or actions with respect to the exploitation of the mineral rights. The purpose of parceling and separating said property shall be for the purpose of allowing the Beneficiary to have the obligations of the Trustor (s) secured by property unaffected by the mining operations or exploitation of mineral rights or any hazardous substances which may be a by-product thereof. Refusal or failure of the Trustor (s) to promptly and expeditiously complete parceling of the Property following Beneficiary's request will be a material default of Trustor (s)'s obligations under the Deed of Trust.

Trustor (s) agree and stipulate that in the event that it is necessary to sever and parcel any part of the property which secures the obligations of the Trustor (s) to the Beneficiary, and if the Beneficiary in its sole discretion determines that it is in its best interest to do a partial release of the affected property, the Trustor (s) will, at the Beneficiary's discretion, (1) pledge additional collateral or (2) substitute collateral in such form and of a value as is agreed to by the Beneficiary or (3) a pay-down of the outstanding obligation corresponding to the value of the severed collateral and (4), any other action that the Beneficiary deems necessary or appropriate to sever the outstanding indebtedness.

This Addendum to Deed of Trust hereby refers to and incorporates by reference that certain Deed of Trust and Assignment of Rents dated the 9th day of July, 2001, by and between Art Gale and Frances Gale as Trustor (s) and the Intermountain Federal Land Bank Association, FLCA as Beneficiary.
