CORRECTIVE CONVEYANCE AND GRANT OF OVERRIDING ROYALTY

THIS CORRECTIVE CONVEYANCE AND GRANT OF OVERRIDING ROYALTY ("Conveyance") is made effective as of the ~~22~~²⁴ day of February, 2003 ("Effective Date") by Placer Dome U.S. Inc. a California corporation ("PDUS") and the Cortez Joint Venture a Nevada joint venture comprised of Placer Cortez Inc. and Kennecott Explorations (Australia) Ltd. ("Cortez") and together with PDUS, the "Cortez Parties"), as Grantor, to Idaho Resources Corporation, a Nevada corporation ("IRC"), as Grantee

RECITALS

A This Conveyance is made pursuant to that certain Conveyance and Grant of Overriding Royalty dated effective September 1, 1998 (recorded in Book 323 at Page 251 of the Eureka County records) between Royal Gold Inc. ("Royal Gold") as grantor, and IRC, as grantee (the "1998 Royalty Deed"), in which Royal Gold conveyed to IRC a 1.0% overriding royalty interest with respect to certain mining claims described therein and any other mining claims or mining property (inclusive of properties leased to Royal Gold) which have been or may be acquired by Royal Gold prior to February 15, 2004 within an area of interest described as that portion of Township 26 North, Range 49 East MDB&M (Eureka County, Nevada) which is situated east of 116°30' West Longitude (the "Area of Interest")

B Concurrently herewith the Cortez Parties, as successors in interest to Royal Gold under the 1998 Royalty Deed, and IRC have entered into Partial Relinquishment of Overriding Royalty Interest and Modification of Conveyance and Grant of Overriding Royalty under which the royalty rate applicable to mining claims and mineral property within the Area of Interest was reduced from 1.0% to 0.75% and certain modifications were made to the Area of Interest as of the Effective Date

C In accordance with the provisions of the 1998 Royalty Deed, as amended, the Cortez Parties have agreed to grant to IRC a 0.75% royalty interest on all mining claims presently owned by the Cortez Parties within the Area of Interest as to which the royalty to IRC has not already been created

D The Cortez Parties executed a Conveyance and Grant of Overriding Royalty dated as of October 18, 2002 in favor of IRC, which was recorded on November 6, 2002 in Book 353 at Page 375 of the Eureka County, Nevada records (the "Original Conveyance"). This Conveyance is made to supplement the description of certain of the mining claims listed in Exhibit A to the Original Conveyance, for which recording data of the applicable the certificates of location in the Eureka County records and BLM serial numbers were not available at the time the Original Conveyance was executed

I CONVEYANCE OF ROYALTY

1.1 For good and valuable consideration the receipt and adequacy of which is acknowledged Grantor hereby grants and conveys unto Grantee its successors and assigns, a perpetual overriding royalty (the "Royalty") on production from certain properties situated lying and being in the County of Lureka State of Nevada more particularly described in Exhibit A attached hereto and by this reference incorporated herein (the "Property")

II ROYALTY RATE AND BASES

2.1 Percentage of Royalty Under and by virtue of the Royalty hereby conveyed to Grantee, Grantor shall pay to Grantee a Royalty with respect to all gold, silver, and other salable ores, metals, minerals, materials and other mine or mill product (referred to, collectively, as "Production") produced from the Property on or after the Effective Date, in accordance with the provisions hereinafter set forth. The percentage rate of the Royalty shall be three-quarters of one percent (0.75%) and calculation of the Royalty shall be accomplished by multiplication of the aforementioned royalty percentage by the applicable royalty base (the "Royalty Base") all in the manner and in accordance with the provisions set forth below.

2.1(a) Gold and/or Silver The Royalty Base applicable to gold or silver produced from the Property other than gold or silver contained in ores or concentrate which are subject to section 2.1(b) below, shall be the "Gross Value", calculated as hereinbelow specified, whether produced by in situ or solution mining, by mining ores and the extraction of gold or silver by means of heap or vat leaching, by milling or other extraction method and by refining to produce "Bullion". The term "Bullion", as used herein, means refined gold or silver meeting the generally accepted commercial standards for refined gold or refined silver, as the case may be, recovered from Production by refining by an independent third-party refinery or refineries. The number of ounces (wherever used herein "ounces" refers to Troy ounces) of gold or silver contained in Bullion recovered in each month from production shall be determined by the records pertaining thereto of the said refinery or refineries.

2.1(a)(1) Calculation of "Gross Value" "Gross Value" as used in this section 2.1(a) shall be determined by multiplying the ounces of gold and of silver contained in Bullion recovered during any calendar month, by the respective average price for gold and silver Bullion for that month as follows:

(i) The average monthly price of gold for the month of production shall be calculated by dividing the sum of all prices for gold reported for the month by the London Bullion Market Association in its P.M. Gold Fixes divided by the number of days for which such prices were reported.

(ii) The average monthly price for silver for the month of production shall be determined by the average New York Silver Price as published daily by

Handy and Harman, calculated by dividing the sum of all such prices reported for the month by the number of days for which such prices were reported

(ii) If either the London Bullion Market Association P.M. Gold Fix or the Handy and Harman silver quotations cease to be published, all such references shall be replaced with references to prices of gold or silver for immediate delivery in the most nearly comparable established market selected by Grantor as published in "Metals Week" or a similar publication

2 1(a)(2) Gross Value Royalty Base. The product obtained by multiplying the number of ounces of gold contained in Bullion recovered during any month by the average monthly price for gold Bullion for such month (as such average monthly price is determined as above provided) shall be added to the product obtained by multiplying the number of ounces of silver contained in silver Bullion recovered during that month by the average monthly price for silver for such month, (as such average monthly price is determined as above provided) and the sum of those amounts shall constitute the "Gross Value Royalty Base" for calculation of gold/silver Royalty applicable to this section 2 1(a) due for that month

2 1(b) Ore or Concentrate Sold to Smelter. The Royalty Base for calculation of Royalty in respect to ore produced from the Property and/or concentrate derived from ores produced from the Property (other than ores principally valuable for the uranium and/or vanadium content thereof) which are sold in an arms-length sale to a third-party smelter by Grantor shall be the Net Smelter Returns received therefrom. The term "Net Smelter Returns" means the amount actually received by Grantor from the smelter less, (i) the costs of surface transportation, inclusive of insurance, of the ores from the Property (in the case of ores sold in the crude state) or of the concentrates from the mill (in the case of the sale of concentrate derived from such ores) to the smelter, to the extent that such costs are paid by Grantor; (ii) the costs of smelting such ores or concentrates if paid by Grantor and (iii) any metallurgical penalties, surcharges or other charges made or imposed by the smelter to the extent that same are paid by Grantor

2 1(c) Uranium and/or Vanadium Ore. The Royalty Base for calculation of Royalty in respect to ore principally valuable for uranium and/or vanadium which is mined and sold from the Property, if such ore is sold in the crude state in an arms-length sale, shall be the Net Sales Price received therefor. "Net Sales Price" shall mean the proceeds received from the sale of such ore less the costs of surface transportation, including insurance, of the ore from the Property to the point of sale. If such ore is concentrated by Grantor, either in its own facilities or by means of tolling arrangements, or if such ores are sold other than as a result of an arms-length transaction, then the term "Net Sales Price" shall mean the prevailing price paid at the time such ore is mined for ores of like grade and metallurgical characteristics f.o.b. the Property by other purchasers of uranium and/or vanadium ores

2 1(d) Other Mineral Substances and Ores. If Grantor should produce and sell any minerals, substances or ores from the Property, other than those encompassed within the provisions of subsections (a) through (c) above, the Royalty Base for calculation of the Royalty applicable thereto shall be the net proceeds received for such

substances after deducting the cost of the transportation thereof from the Property to the point of sale

2 2 Effect of Imposition of Federal Royalty, Net Proceeds of Mines Taxes If, in the future, a royalty is imposed on, and required to be paid upon production from, mining claims by the United States of America the amount of such royalty actually paid to the United States by Grantor may be deducted by Grantor from the applicable Royalty Base before calculation of the Royalty payable in respect to Production from claims burdened by such United States royalty. Grantee shall be responsible for payment of any Net Proceeds of Mines taxes imposed by the State of Nevada in respect to Royalty paid under this Conveyance and Grant of Overriding Royalty

2 3 Commingling of Ores At no time shall ores, minerals or materials produced from the Property be commingled with production derived from other sources except and unless all such commingling ores, minerals and materials comprising Production from each source have first been weighed or measured, sampled, assayed and metallurgically analyzed in accordance with sound mining and metallurgical practice in order that the Royalty due Grantee hereunder can be reasonably and accurately determined. Upon request to Grantor, Grantee shall have the right to have a representative present at the time all such samples and measurements are taken. Grantee shall have the right to obtain sample splits for separate assaying in order to determine the accuracy of the assays of Grantor. Grantor shall make available to Grantee pertinent technical data and records within its possession reasonably required to determine the accuracy of calculation made by Grantor of Royalty payable upon commingled ores, minerals or materials

2 4 Furnishing Market Information Grantee shall have the right to be supplied monthly with duplicate settlement sheets from any refinery, mill, smelter or other purchaser or processor of Production derived from the Property, whether or not the mine products have been sold, and shall be supplied with Grantor's monthly reports of mining, milling and leaching activities and sufficient information as to the amounts of the gold and silver contained in dore and Bullion or other mineral products recovered during the month so that Grantee will be able to determine the amount of Production on which Royalty is due Grantee

2 5 Payment of Royalty Payments of Royalty shall be made by check or wire transfer, at the election of Grantee at the time specific below

2 5(a) Due Dates for Gross Value Royalty Royalty subject to sections 2 1(a), 2 1(a) (1), and 2 1(a) (2) above, being Production subject to the Gross Value Royalty Base, shall be payable monthly by the last day of the month following the month in which Bullion was recovered. Grantee acknowledges that Grantor shall have the right to market and sell or refrain from selling ores or minerals subject to the Gross Value Royalty Base in any manner it may elect. Accordingly Gross Value Royalty shall be calculated in the manner and shall be payable at the times as provided hereinabove irrespective of any actual selling arrangements for Bullion entered into by Grantor, specifically including but not limited to forward sales, futures trading or commodity

options trading and any other price hedging, price protection and arrangements concerning the Bullion

2 5(b) Due Dates for Other Royalty Royalty calculated pursuant to sections 2 1(b), 2 1(c) and 2 1(d) shall be due and payable by the end of the month following the month in which payment was made for mine products subject to any of those sections

2 5(c) Supplying of Supporting Data Grantor shall accompany each Royalty payment with copies of sufficiently detailed data showing quantities of Bullion refined from mine production, in respect to gold or silver or sold, in respect to other types of mine product, in order that Grantee may verify the accuracy of each Royalty calculation and payment

2 5(d) Depository Agent The Grand Valley National Bank, P.O. Box 4090 Grand Junction, CO 81502 (the Depository Agent) is hereby designated by Grantee as its agent to receive Royalty payments which become due Grantee. Payments of Royalty by Grantor to the Depository Agent shall constitute full payment to Grantee. The Depository Agent may be changed from time to time, by written notice from Grantee to Grantor.

III MISCELLANEOUS

3 1(a) Rights to Information and of Inspection Grantor shall furnish to Grantee, from time to time, as available and upon request, made not more frequently than quarterly except in unusual circumstances such as sale of all or a portion of Grantee's interest, copies of exploratory drilling results, assay data, metallurgical test data, ore reserve calculations, feasibility studies (including prefeasibility studies) and other technical information or data that is reasonably relevant to determination of the value of the Royalty or revenues reasonably anticipated to be received therefrom. Grantor shall maintain records accurately showing the quantities of ore and grade thereof mined, leached, milled thereof or shipped from the Property, which records shall be available for inspection and copying by Grantee or its agent duly authorized in writing at the mining or milling offices of Grantor at all reasonable times and under reasonable circumstances.

3 1(b) Any information supplied to or obtained by Grantee pursuant to Section 3 1(a), above, shall be without warranty of any kind by Grantor as to the completeness or accuracy of any estimates, projections or conclusions contained therein.

3 1(c) Grantee shall maintain any information supplied to or obtained by it pursuant to Section 3 1(a) above, in confidence and without prior written approval of Grantor shall not disclose any of such information to any third party other than, (i) as reasonably needed to enforce rights of Grantee under this Conveyance, (ii) in connection with the preparation and submittal of returns for income, gift or death taxes, (iii) to an agent or consultant of Grantee who has a bona fide need to be informed, (iv) to a lender from which funds are sought to be borrowed, or (v) to a prospective purchaser of all or a portion of the interest of Grantee under this Conveyance, and

subject in instances stated in (iii) (iv) and (v), above, to the obtaining of a written agreement from the intended recipient of the information to maintain the same in confidence without disclosure to third parties

3.1(d) Grantee or its agents duly authorized in writing shall have the right at reasonable times and under reasonable circumstances to enter upon any portion of the Property and all surface and subsurface installations and facilities used in connection therewith for the purpose of examining and inspecting any and all operations and work being performed by Grantor thereon, provided that such entry and inspection shall be at the sole risk of Grantee or its agent. A representative or an agent of Grantee wishing to exercise the said right of inspection shall arrange with Grantor in advance thereof as to the time when the inspection may be made in order that operations of Grantor will not be unduly inconvenienced thereby.

4.1 Finality. All Royalty payments hereunder shall be considered final and in full satisfaction of all obligations of Grantor with respect thereto, unless Grantee gives Grantor written notice describing and setting forth a specific objection to the calculation thereof within one year after receipt by Grantee of the statement herein provided for, unless such objections result from an act or acts of fraud or deliberate miscalculations of the Royalty granted to Grantee, in which case the one-year period shall not begin to run until Grantee receives actual knowledge of said acts.

5.1 No Duty to Mine. Grantor shall have the sole and exclusive right to determine the timing and manner of any mining or production from the Property and all related exploration, development and mining activities. Nothing herein shall require Grantor to explore, develop, mine or continue operations on the Property or to process ores, minerals or materials from the Property.

This Conveyance and Grant shall be binding upon and inure to the benefit of the parties hereto, their respective successors and assigns and shall be a covenant which runs with the Property.

IN WITNESS WHEREOF, Grantor has executed this Conveyance as of the Effective Date.
