This Assignment of Overriding Royalty Interest, made this 18<sup>th</sup> day of Nov 2010, by and between **Area Petroleum, LLC**, 5 Wanderwood Way, Sandy, Utah, 84092, hereinafter called the Assignor.

For adequate consideration, Assignor transfers, assigns and conveys to the following named parties (collectively called "Assignee"), in the proportions indicated, an overriding royalty interest in all of the oil, gas, and other minerals produced, saved, and marketed from all of the Lands and Leases equal to 2.00% of 8/8ths (the "Override").

1% of 8/8ths

1% of 8/8ths

1. The terms and provisions of the Leases, any amendments, corrections, additions, or modifications of the Leases made prior to or after the execution of this Assignment. Assignee agrees that future amendments, corrections, additions, or modifications of the Leases may be made without the consent or joinder of Assignee.
2. All applicable laws, rules, regulations and orders of appropriate governmental authorities and agencies having jurisdiction over the Lands and Leases.
3. The Override is assigned free and clear of all costs and expenses of exploration, drilling, development and operation, but except for and subject to its proportionate share of actual costs incurred for gathering, transporting, marketing, compression, fractionating, dehydrating, processing, treating or otherwise rendering merchantable the oil, gas, and other minerals, and its proportionate share of severance, production severance, ad valorem and other similar taxes. No payments to the Override will be made or shall accrue on any oil, gas and casinghead gas or other hydrocarbon substances or minerals used for operating, developing, or producing purposes on the Lands under the Leases, or in treating the products produced to make them marketable, or which

are unavoidably lost. No payments shall be made to the Override on gas and casinghead gas used for recycling or repressuring operations that benefit the Leases.

4. All payments to the Override shall be made or delivered to Assignee in the same manner provided in the Leases for the payment of royalty to the lessors.
5. If a Lease or Leases cover less than the entire mineral estate in the Lands, Assignors working interest represents less than 100% of the leasehold estate in a part of all of the Lands, or, if for any reason title should fail as to all or part of the leasehold estate owned by Assignor, the Override assigned to Assignee shall be reduced proportionately as to the affected Lease and Lands.
6. In the event the Leases are renewed, or the primary term of the Leases extended by the action of Assignor or Assignor's successors, assigns and/or legal representatives, then the Override shall remain a burden against the Leases as so extended, or against the renewed Leases.

The terms and provisions of this Assignment shall inure to the benefit of Assignor and Assignee and to their heirs, legal representatives, successors, and/or assigns.

IN WITNESS WHEREOF, Assignor has executed and delivered this overriding royalty assignment to Assignee, the day and year first above written.
