LODE MINING CLAIM TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the Lode Mining Claim in the following quarter sections: K 151 1/4 Township Meridian Section Range SW 52E MDB&M 21 25N 25th 2012. Eureka County, Nevada, on the day of in June, Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive Grand Junction, Colorado 81505 600 The Claim is approximately 1500 feet long and feet wide, such that 10 feet are claimed in a North direction and feet in a South direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is: the Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning. The Northwest Corner (No. 1) of this claim is approximately 12110 feet North feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram. All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden

posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

Stephen D. Lappin - as agent for Standard Gold Corp.

Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning.

The Northwest Corner (No. 1) of this claim is approximately 10610 feet North and 12442 feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59′ 48.92″N, 116° 09′ 29.378″W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

The Northwest Corner (No. 1) of this claim is approximately 7610 feet North feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning.

The Northwest Corner (No. 1) of this claim is approximately

and

12442 feet East of a rock caim and t-post marking the southwest corner of Section 31 of
T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said caim is
39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM
protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5"  $\times$  1.5"  $\times$  4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

897 Quail Run Drive

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the Lode Mining Claim in the following quarter sections: K 197 1/4 Township Section Range Meridian MDB&M NE & SE 33 25N 52E Nevada, on the 26th 2012. Eureka County, day of June, Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive **Grand Junction, Colorado 81505** The Claim is approximately 1500 feet long and 600 feet wide, such that feet in a South feet are claimed in a North direction and 10 direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is: Beginning at Corner No. 1, which is the Northwest Corner of this mining claim. thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner. thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner. thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner. thence North a distance of 1500 feet to Corner No. 1, the point of beginning.

The Northwest Corner (No. 1) of this claim is approximately 3160 feet North feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517,040.

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the Lode Mining Claim in the following quarter sections: K 203 1/4 Section Township Range <u>Meridian</u> SW 25N 52E MDB&M 33 2012. 26th in Eureka County, Nevada, on the day of June, Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive Grand Junction, Colorado 81505 600 The Claim is approximately 1500 feet long and feet wide, such that 10 feet are claimed in a North direction and 1490 feet in a South direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is: Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning. The Northwest Corner (No. 1) of this claim is approximately 1610 feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM

protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

CERTIFICATE OF LOCATION LODE MINING CLAIM

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the

Lode Mining Claim in the following quarter sections: K 212 1/4 Section Township Range Meridian SW MDB&M 33 25N 52E NE & NW 24N 52E MDB&M 4 in Eureka County. Nevada, on the 27th day of June. 2012.

Name and mailing address of locator is:

Standard Gold Corp. 897 Quail Run Drive Grand Junction, Colorado 81505

The Claim is approximately 1500 feet long and 600 feet wide, such that feet are claimed in a North 10 1490 direction and feet in a South direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from The M&B description of the claim boundaries is: North to the South Direction.

Beginning at Corner No. 1, which is the Northwest Corner of this mining claim. thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner. thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning.

The Northwest Corner (No. 1) of this claim is approximately 110 North feet feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

| NW & SW 4 24N 52E MDB&M  NE & SE 5 24N 52E MDB&M  in Eureka County, Nevada, on the 27th day of June, 2012.  Name and mailing address of locator is:  Standard Gold Corp. 837 Quail Run Drive Grand Junction, Colorado 81505  The Claim is approximately 1500 feet long and 600 feet wide, such that direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from the North to the South Direction. The M&B description of the claim boundaries is:  Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 4, which is the Southwest Corner, thence West a distance of 600 feet to Corner No. 1, the point of beginning.  The Northwest Corner (No. 1) of this claim is approximately 1390 feet South and 8842 feet East of a rock cairm and 1-post marking the southwest Corner of Section 31 of T25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 118° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.  All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | K 218                                                                                |                                                                           |
| direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from the North to the South Direction. The M&B description of the claim boundaries is:  Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning.  The Northwest Corner (No. 1) of this claim is approximately 1390 feet South and 8842 feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.  All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 897 Qua 897 Quail Run Drive

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the Lode Mining Claim in the following quarter sections: K 228 1/4 Section Township Range Meridian NW & SW 3 24N 52E MDB&M in Eureka County, Nevada, on the 27th day of June, 2012. Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive **Grand Junction, Colorado 81505** The Claim is approximately 1500 feet long and 600 feet wide, such that feet are claimed in a North direction and 1490 feet in a South direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is: Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner. thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner. thence North a distance of 1500 feet to Corner No. 1, the point of beginning. The Northwest Corner (No. 1) of this claim is approximately 1340 feet South feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram. All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden

The work of location consists of preparing a claim map for recording as provided in NRS 517.040,

posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on

Stephen D. Lappin - as agent for Standard Gold Corp.

which the claim name and corner description are inscribed.

| Beginning at Corner No. 1, which is                                                            | the Northy         | west Corner of this m                                                       | ining clair                                  | n,                                     |           |
| Location was posted, together with Monument and center line of the clathe North to the South D | im. The gorection. | 300 feet on general course of the The M&B description west Corner of this m | each side<br>vein is fron<br>n of the coning | of the Loca<br>om<br>daim bounda<br>n, |           |

Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning.

The Northwest Corner (No. 1) of this claim is approximately 4390 feet South and 10042 feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59′ 48.92″N, 116° 09′ 29.378″W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped  $1.5" \times 1.5" \times 4"$  wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

WHEN RECORDED RETURN TO: Standard Gold Corp. 897 Quail Run Drive Grand Junction, Colorado 81505

CERTIFICATE OF LOCATION LODE MINING CLAIM

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the K 251 Lode Mining Claim in the following quarter sections: 1/4 Section Township Range Meridian 52E NE 22 25N MDB&M Nevada, on the 25th June, 2012. Eureka County, day of īn Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive

Grand Junction, Colorado 81505

The Claim is approximately 1500 feet long and 600 feet wide, such that feet are claimed in a North 1490 direction and feet in a South direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. the The M&B description of the claim boundaries is:

Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning.

The Northwest Corner (No. 1) of this claim is approximately 15110 feet North feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517,040.

day of

Name and mailing address of locator is:

County,

Standard Gold Corp. 897 Quail Run Drive Grand Junction, Colorado 81505

The Claim is approximately 1500 feet long and 600 feet wide, such that feet are claimed in a North direction and 10 feet in a South direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is:

Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning.

The Northwest Corner (No. 1) of this claim is approximately 19610 feet North and 15442 feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped  $1.5" \times 1.5" \times 4'$  wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

The Northwest Corner (No. 1) of this claim is approximately 16610 North 16642 feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram.

All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

### CERTIFICATE OF LOCATION LODE MINING CLAIM

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the Lode Mining Claim in the following quarter sections: K 287 1/4 Section Township Meridian Range NW & SW 25N 52E MDB&M 2012. Nevada, on the 10th in Eureka County, day of August, Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive Grand Junction, Colorado 81505 600 The Claim is approximately 1500 feet long and feet wide, such that feet are claimed in a North direction and 10 feet in a South direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is: Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning. The Northwest Corner (No. 1) of this claim is approximately 19610 feet North feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner, Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram. All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

CERTIFICATE OF LOCATION LODE MINING CLAIM

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the Lode Mining Claim in the following quarter sections: K 289 1/4 Section Township. Range Meridian SW 14 25N. 52E MDB&M 10th in Eureka County. Nevada, on the day of August, 2012. Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive **Grand Junction, Colorado 81505** The Claim is approximately 1500 feet long and 600 feet wide, such that feet are claimed in a North 1490 direction and feet in a direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is: Beginning at Corner No. 1, which is the Northwest Corner of this mining claim. thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner. thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner. thence West a distance of 600 feet to Comer No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning. The Northwest Corner (No. 1) of this claim is approximately 18110 feet North feet East of a rock cairn and t-post marking the southwest corner of Section 31 of T 25 N, R 52 E, MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram. All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed.

The work of location consists of preparing a claim map for recording as provided in NRS 517.040.

# CERTIFICATE OF LOCATION LODE MINING CLAIM

TO ALL WHOM IT MAY CONCERN: The undersigned hereby certifies that he has located the Lode Mining Claim in the following quarter sections: K 298 1/4 Section Township Range Meridian NW & SW 27 25N 52E MDB&M 11th August, 2012. in Eureka County, Nevada, on the day of Name and mailing address of locator is: Standard Gold Corp. 897 Quail Run Drive Grand Junction, Colorado 81505 600 feet wide, such that The Claim is approximately 1500 feet long and feet are claimed in a North direction and 10 feet in a South 1490 direction from the point of discovery (monument of location), at which the Notice of Location was posted, together with 300 feet on each side of the Location Monument and center line of the claim. The general course of the vein is from North to the South Direction. The M&B description of the claim boundaries is: Beginning at Corner No. 1, which is the Northwest Corner of this mining claim, thence East a distance of 600 feet to Corner No. 2, which is the Northeast Corner, thence South a distance of 1500 feet to Corner No. 3, which is the Southeast Corner, thence West a distance of 600 feet to Corner No. 4, which is the Southwest Corner, thence North a distance of 1500 feet to Corner No. 1, the point of beginning. The Northwest Corner (No. 1) of this claim is approximately feet East of a rock caim and t-post marking the southwest corner of Section 31 of T 25 N. R 52 E. MDB&M, i.e. the township corner. Measured Nad 27 L-L GPS position of said cairn is 39° 59' 48.92"N, 116° 09' 29.378"W, being 4 ft N and 3 ft W of record position per 1976 BLM protraction diagram. All corners and the Location Monument of this claim are marked by a red-topped 1.5" x 1.5" x 4' wooden posts set one foot in the ground. Each corner monument is further identified by an aluminum tag on which the claim name and corner description are inscribed. The work of location consists of preparing a claim map for recording as provided in NRS 517.040. Stephen D. Lappin - as agent for Standard Gold Corp.
