CORRECTION
MINERAL DEED

THIS INDENTURE is made and entered into this 23rd day of January, 2024, by and between **WESTERN STATES MINERALS CORPORATION**, a Utah corporation, qualified to do business in the State of Nevada ("Grantor"), and **DAVID L. HAMILTON** and **CHARLEEN M. HAMILTON**, husband and wife, as joint tenants with right of survivorship ("Grantees").

RECITALS:

WHEREAS, on the 14th day of February, 2020, 26 Ranch Inc., a Colorado corporation, qualified to do business in the State of Nevada, and Western States Minerals Corporation, a Utah corporation, qualified to do business in the State of Nevada, as Sellers; and David L. Hamilton and Charleen M. Hamilton, husband and wife, as Buyers, executed a Purchase and Sale Agreement for the purchase and sale of certain real property, mineral rights, and other property of the Sellers.

WHEREAS, Western States Minerals Corporation, as owner of the mineral rights subject to said Purchase and Sale Agreement, recorded a Mineral Deed: (i) in the Official Records of the County of Elko, State of Nevada, on February 24, 2020, as Document #765650; (ii) in the Official Records of the County of Humboldt, State of Nevada, on February 24, 2020, as Document #2020-00636; (iii) in the Official Records of the County of Eureka, State of Nevada, on February 24, 2020, as Document #2020-240105; and, (iv) in the Official Records of the County of Lander, State of Nevada, on February 26, 2020, as Document #292920.

WHEREAS, said Mineral Deed contained an error, as said Mineral Deed was executed by 26 Ranch Inc., and not by the Grantor, Western States Minerals Corporation, the correct party-in-interest.

WHEREAS, Grantor hereby records this Correction Mineral Deed to correct the execution of said Mineral Deed.

WITNESSETH:

That said Grantor does by these presents grant, bargain, sell, and convey, without warranty, unto the Grantees, as joint tenants with right of survivorship, and not as tenants in common, and to the surviving Grantee's heirs, personal representatives, executors, administrators, successors and assigns, an undivided fifty percent (50%) of Grantor's right, title, interest and estate, if any, in and to the minerals situate, lying, and being upon, under or within those certain lands located in Elko, Humboldt, Lander, and Eureka Counties, State of Nevada (the "Property"), as more particularly described on **Exhibit "A"** attached hereto and by this reference made a part hereof.

The mineral estate subject hereto includes the ores, minerals, metals, coal, oil, gas and other hydrocarbons, industrial minerals and mineral materials, geothermal resources, barite, bentonite and other clays, including common clays and sand and gravel, aggregates, building stone and ballast, of every kind and character whatsoever, upon, under or within the Property, and all by-products and co-products thereof, provided, however, Grantor shall have and retain, with respect to the metalliferous mineral interest and barite mineral interest granted to Grantee and the remaining one-half of said metalliferous mineral interest and barite mineral interest retained, excepted and reserved by Grantor, the sole and exclusive executive right to lease those particular minerals. The executive right to be held by Grantor shall not include or affect any other minerals conveyed to Grantee. Grantor's reserved mineral estate shall continue to be held by Grantor together with, all and singular, all rights, privileges, incidents and appurtenances, and full use of the surface of the Property, in all respects, as granted, transferred and conveyed to Grantor by that certain Special Warranty Deed and Agreement dated May 9, 2006, by and between 26 Ranch Inc., a Colorado corporation, as grantor therein, and Western States Mineral Corporation, a Utah corporation, as grantee therein, which Special Warranty Deed and Agreement is incorporated herein by reference and made a part hereof, and as recorded in the office of the Recorder of each of Lander, Elko, Humboldt and Eureka Counties, Nevada, as follows:

EXECUTIVE RIGHT

In exercising the executive right to lease the mineral interests of both Grantor and Grantees over the said metalliferous mineral interest and barite mineral interest, Grantor will negotiate and exercise commercially reasonable efforts to obtain the agreement of any prospective lessee or operator to compensate Grantees for the fair market value of the surface estate of the agricultural property which may be damaged or disturbed in connection with mining activities, including any resulting operational disruptions due to such activities. Grantees shall have the exclusive right of first refusal to any offer for Grantor's interests retained herein.

Grantor shall have the sole and exclusive right to negotiate, execute, administer, renegotiate, enforce, amend, or modify mining leases, options, farm-outs, or other conveyances or agreements; Grantees shall not have the right to enter upon the Property to prospect for, mine, drill for, or remove ores or minerals therefrom. Nothing herein contained is intended or shall be held to be a covenant to develop minerals or otherwise to require or prohibit the execution of any leases or other agreements for development of the Property, or the commencement, suspension, resumption, or termination of any particular operation upon the Property, or with reference to the disposition of metals, minerals, mineral products, or ores, but all such leases, agreements and operations, including the negotiation, execution, administration, renegotiation, enforcement, amendment, modification or the timing thereof, shall be at all times at the sole discretion of the Grantor, its successors and assigns. Any mineral development on the Property undertaken, permitted, or authorized by the Grantor, or its lessees, licensees, permittees, or successors and assigns, may be limited or conducted in a manner deemed by the Grantor to be consistent with the operation of the Property as part of a working ranch.

The Grantees shall have a single agent designated for notice or for receipt of payments received by Grantor attributable to the mineral estate ("Net Proceeds," as defined below) on behalf of Grantees and their heirs, personal representatives, successors and assigns, to receive any Net Proceeds attributable to their mineral interest and to receive any notices to be received hereunder. Grantees hereby designate the Grantees named herein for such purposes, with their address designated as set forth above. No change or division in the ownership of the Grantees' interest provided for herein, however accomplished, shall enlarge the obligations or diminish the rights of the Grantor, its successors and assigns. The Grantees covenant that any change in ownership of their interest shall be accomplished in such a manner that the Grantor, its successors and assigns, shall be required to make payments and to give notices to but one person, firm, bank or financial institution, unrelated and/or unaffiliated, either directly or indirectly with the Grantees or any of them, and upon breach of this covenant, the Grantor, its successors and assigns, may retain all monies otherwise due to Grantees, their heirs, personal representatives, successors and assigns, until the breach has been cured, at which time such retained funds shall be paid by Grantor to the proper party. No change or division in ownership shall be binding on the Grantor, its successors and assigns until thirty (30) days after the Grantees have given the Grantor, its successors and assigns, a certified copy of the recorded instrument evidencing the change or division fully executed by the Grantees.

For purposes hereof "Net Proceeds" shall mean (i) the gross revenues actually received by the Grantor on account of nonoperating, nonworking interests reserved from leases or similar conveyances of the working interest in the mineral estate, including barite and metalliferous minerals, including rentals, bonuses, production royalties, and advance or minimum royalties, and (ii) the revenues actually received by the Grantor on account of production of barite or metalliferous minerals less operating costs actually incurred by the Grantor on account of the mining and processing of barite or metalliferous minerals, provided that any excess of operating costs over revenues shall be carried forward and become a charge against revenues from production thereafter derived.

Grantor will pay to the designated depository for the account of the Grantees the Grantees' share of Net Proceeds actually received by the Grantor. Net Proceeds shall be calculated as of the last day of each calendar month, and payments, if any, will be made on or before the 20th day of each month following the last day of such calendar month. At the time of these payments, Grantor shall send to the Grantees' agent for receipt of notice and to the depository a statement including: (i) identification of the lease, option, farm-out, joint venture or other conveyance or agreement under which the revenue was generated; (ii) identification of the source of such revenue, e.g., earned or production royalties, minimum or advance royalties, etc.; and (iii) in the event of earned or production royalties received by the Grantor, a copy of any miner's settlement sheets or weight tickets showing the quantities and grades of minerals mined or extracted, proceeds of sale, cost, and other pertinent information or in the event of an arrangement in which the Grantor is participating in the development as a partner, joint venturer or other capacity, an explanation of the calculation of the payment of Net Proceeds to the Grantees. The statement or other information so furnished shall be in sufficient detail to allow Grantees to independently verify Net Proceeds. Such statement or other information shall be deemed conclusively accurate and binding upon the Grantees unless they shall have objected to the same within six (6) months after the date of mailing. The Grantor shall furnish to Grantees copies of any leases, options, farm-outs, or other conveyances, and amendments or modifications thereof promptly upon execution and delivery of the same and shall notify the Grantees of the termination thereof. The Grantees, and their partners, their successors and assigns, and their respective attorneys, accountants, and agents shall keep such statements or other information strictly confidential, except as to such disclosures as may be required by law.

RESERVING AND EXCEPTING FROM THIS MINERAL DEED, unto Grantor, all of Grantor's right, title and interest in and to the mineral estate and all minerals situate, lying, and being upon, under or within those certain lands located in Lander and Eureka Counties, State of Nevada, known as the "Rock Creek Property," consisting of approximately 3,246.65 acres, as more particularly described on **Exhibit "B"** attached hereto and by this reference made a part hereof. Said mineral estate includes the ores, minerals, metals, coal, oil, gas and other hydrocarbons, industrial minerals and mineral materials, geothermal resources, barite, bentonite and other clays, including common clays and sand and gravel, aggregates, building stone and ballast, of every kind and character whatsoever, upon, under or within the Rock Creek Property, and all by-products and co-products thereof.

Grantor's reserved mineral estate in the Rock Creek Property shall continue to be held by Grantor together with, all and singular, all rights, privileges, incidents and appurtenances, and full use of the surface of the Property described and set forth in Exhibit "A," in all respects, as granted, transferred and conveyed to Grantor by that certain Special Warranty Deed and Agreement dated May 9, 2006, by and between 26 Ranch Inc., a Colorado corporation, as grantor therein, and Western States Mineral Corporation, a Utah corporation, as grantee therein, as recorded in the office of the Recorder of each of Lander, Elko, Humboldt and Eureka Counties, State of Nevada, as set forth above, and which Special Warranty Deed and Agreement is incorporated herein by reference and made a part hereof.

TOGETHER WITH the tenements, hereditaments, and appurtenances thereunto belonging or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues, and profits thereof unto the respective parties as to the rights and interests granted and/or reserved hereunder as hereinabove set forth.

TO HAVE AND TO HOLD the said premises as hereinabove set forth, together with the appurtenances, unto the Grantees, as joint tenants with right of survivorship, and not as tenants in common, and to the surviving Grantee's heirs, personal representatives, executors, administrators, successors and assigns forever; and unto the Grantor as to the reserved and retained interests, and to Grantor's successors and assigns.
